

INVADE FIRE ON GERMANS

Claims Klan to Blame for Murders

CALL HALT IN DEATH INQUIRY

Louisiana Attorney General Springs Sensation In Probe

INVESTIGATION NOW UP TO GRAND JURY

Open Hearing Comes to Sudden End as State Takes New Step

(By United Press Leased Wire) COURTHOUSE, BASTROP, La., Jan. 25.—The Ku Klux Klan was charged by the state of Louisiana today with responsibility for the lawlessness and disorder in Morehouse parish which culminated in the murder by torture of Watt Daniel and Thomas F. Richards.

Attorney General A. V. Coco made the charge in announcing to Judge Fred M. Odum in district court that the state "for the present, at least, and until such time as circumstances may justify their resumption, has decided to discontinue the proceedings," initiated here January 5 in an open hearing.

"It is my very painful and humiliating duty to refer to the deplorable conditions in this parish as revealed by the evidence," said Coco. "The proof is convincing that since the advent of the Ku Klux Klan in this parish there has gradually arisen a condition of disorder and lawlessness which has ripened into a supercession of a government of its own, from which a reign of terror and chaos has resulted and the parish has been on the brink of riot and bloodshed when the governor sent the militia here and the proceedings were initiated."

Membership to Blame
"While it may be conceded that many Klansmen did not actually participate in or encourage these many acts of lawlessness and crime, which finally culminated in the murder of Watt Daniel and Thomas Richards, they must, nevertheless, be deemed responsible therefor by reason of their silence and inaction. These offenses and crimes were committed in the name of the order, under the protection of its regalia and in the use of its recognized methods and practices and under the leadership of its officers, the practice which has for the last six months at least, brought about a condition in this parish which is a blot upon our civilization and brings into question the proud title of American citizenship."

"The flogging of citizens, their deportation and banishment and other kindred offenses were but mere pastime and of such frequent occurrence that they were accepted as commonplace things, the protest against which was itself sufficient grounds for deportation."

Call Grand Jury Probe
"Without going into any details, we beg to say that the conclusion we have reached is that many persons have been identified and connected with these many acts of violence and crimes, leading to and including the kidnapping and the murder on August 24 of Daniel and Richards, and it is the purpose of the state to present this evidence to the grand jury for its consideration and action as soon as we can get a transcript of it."

William G. Barnett, chief counsel for the defense of T. Jeff Burnett, Dr. B. M. McKoin and Newt Gray, characterized the investigation as "an abuse of the law" in a statement given out today.

Judge Barnett declared the entire affair was simply a sensational stage proceeding to bring discredit upon the Ku Klux Klan.

The hearing closed with testimony of L. T. Jones, Moselle, Miss., who told of two automobiles carrying hooded men to the shores of Lake La Fourche the night of the kidnapping and murder of Daniel and Richards.

Jones said he had been forced to

CONTRASTS—Strange the mercurial mutations of American constituencies. The same New Jersey that has just elected Edwards Senator and Silzer Governor

Charge Japs Threaten U. S. Control Of Hawaiian Islands

WASHINGTON, Jan. 25.—The Japanese are acquiring a "domination" in the Hawaiian Islands which is a menace to national defense and the welfare of American citizens, it was charged today in a report to the department of labor from the special commission recently appointed by Secretary Davis to investigate labor conditions in the islands.

The Japanese, who are largely in control now of the business of the islands, have defeated the purpose of the gentlemen's agreement between this country and Japan," the report states.

They have created a method of reproduction that will soon overwhelm the territory numerically, politically and economically," in the opinion of the commission.

Haynes Promises Assistance to California in Battle Against Marine Bootleggers.

LOS ANGELES, Jan. 25.—A fleet of high powered speed boats to chase marine bootleggers on the Pacific will be provided shortly, it was declared today following the visit of Prohibition Commissioner Hynes.

Two boats will immediately be placed in readiness at San Pedro, and two at San Francisco, and more will be stationed later on at other California ports, it was said in prohibition headquarters.

Legislators point out that there is no chance for congress to act on the Swings-Johnson bill at this session, and delay in ratifying the pact here would only mean delay in the approval of the pact and perhaps be fatal to it, it is declared.

The assembly today broke all records in the number of measures introduced. Legislators piled up a total of seventy-six bills during the morning, the largest number in one day so far by at least twenty.

Perhaps the most important of the number was a bill presented by Assemblyman Bond calling for a \$20,000,000 bond issue for further construction of state highways, to be voted on November 20, 1924.

The assemblyman declared that additional funds are needed to continue California's road development and asserted the belief that the sum set forth in his bill would assure the state a complete linking system of trunk lines and laterals affording paved road access to all sections of California.

To Aid Airplanes
Assemblyman Fox presented a measure authorizing boards of supervisors to purchase tracts for landing sites for airplanes. He declared that such facilities are needed to develop commercial aircraft carriers in the state.

Assemblyman Emme presented a bill creating a commission of three to receive \$10 daily to care for the aged in the state. The bill carries a \$100,000 appropriation and would pension residents over 70 years of age who have no income.

Assemblymen Kline, Pendergast, Jones and Davis introduced a joint bill to settle the boundary dispute between California and Arizona at certain sections along the Colorado river.

A bill cutting down the time between interlocutory and final divorce decrees from one year to six months was introduced by Assemblyman Spence.

Assemblyman Christian introduced a bill ordering the study of the constitutions of the United States and the state of California in the public schools.

The assembly passed the senate bill authorizing the holding of a bond election for the construction of a tube under the estuary connecting Oakland and Alameda.

Assemblyman Hornblower introduced a bill preventing the sale of prison made articles in competition with outside labor, also a measure preventing drug clerks from working longer than nine hours daily.

Assemblyman Morris presented bills increasing from \$75 to \$125 the yearly sums allowed for the upkeep of graves of Civil War veterans and permitting boards of supervisors to care for such graves.

DOG BITES TOT: PLAN BIG PARLEY

SOLONS GIVE RIVER PACT APPROVAL

Lower House of Legislature Unanimous in Support of Measure

(By United Press Leased Wire) SACRAMENTO, Jan. 25.—Assembly joint resolution introduced by Assemblyman Davis, El Centro, ratifying the Colorado river compact, was passed by unanimous vote in the lower house of the legislature today. The resolution carried without debate.

The measure will now go to the senate and legislators believe it will carry unanimously there.

Favorable action by the California legislature in ratifying the compact under which the waters of the Colorado river will be used to provide power for southwestern states and to irrigate arid lands in the Imperial valley, is expected to influence the lawmakers in other states affected by the compact to take early action on the matter.

Anticipated opposition in the assembly from legislators who favored delay in ratifying the pact pending action in congress on the Swings-Johnson measure for the construction of a dam across the river at Boulder canyon did not develop today.

Fear Delay Fatal
Legislators point out that there is no chance for congress to act on the Swings-Johnson bill at this session, and delay in ratifying the pact here would only mean delay in the approval of the pact and perhaps be fatal to it, it is declared.

The assembly today broke all records in the number of measures introduced. Legislators piled up a total of seventy-six bills during the morning, the largest number in one day so far by at least twenty.

Perhaps the most important of the number was a bill presented by Assemblyman Bond calling for a \$20,000,000 bond issue for further construction of state highways, to be voted on November 20, 1924.

NEWSBOY IS WINNER IN COURT CASE

Youngster Acts as His Own Attorney in Suit for 65 Cents Against Customer.

LOS ANGELES, Jan. 25.—The youngest plaintiff, who acted as his own attorney, and the smallest suit on record appeared in Justice Scott's small claims court today.

The combination proved unbeatable.

Doris Albarta, 12, a newsboy, sued Louis Rade, a customer, for non-payment of a month's bill, 65 cents in amount.

Acting as his own attorney, he argued his case and won. Court entered judgment, and Rade paid.

TO ENFORCE QUARANTINE IN COUNTY

Hydrophobia Spread Feared as Authorities Consider Calling Conference

Alarmed by the apparent spread of hydrophobia in Orange county, which has resulted in the death recently of one person and has placed in jeopardy the life of a 3-year-old girl, District Attorney A. P. Nelson and Sheriff Sam Jernigan today were considering plans for calling a conference in this city in the immediate future of all peace officers in the county with a view to development of co-operative action in enforcement of the dog quarantine placed on Orange county by the state board of health.

The campaign began today as a result of a vicious attack made on little Dorothy Flaherty by an air-dale dog owned by A. E. Block, of Costa Mesa.

Nothing but the presence and prompt action of others prevented the child from being killed.

Dorothy is the daughter, not yet 3 years old, of Mr. and Mrs. R. D. Flaherty, 1605 Spurgeon street. Flaherty, during 1922, was manager of the Orange county farm bureau, and is now a public accountant.

Sunday Mr. and Mrs. Flaherty and their daughter were visiting at the Block home at Costa Mesa. The dog was in the yard. He has always been of a friendly disposition, and no one had known of any viciousness from him.

Dog Fells Child
In innocent child play, Dorothy walked up to the dog and thrust a tiny bouquet of flowers to his nose for him to smell.

In an instant, the dog was transformed into a savage beast.

He jumped on the child, felled her and would have torn her to pieces had not he been seized and dragged away.

Little Dorothy bled profusely from wounds on her face and head. One small artery was cut by the dog's fangs.

The severest wound was in the scalp above the right side of her forehead, continuing down on to the forehead. This slash, triangular in shape, was to the bone.

Four or five smaller cuts appeared on the right cheek near her eye, and the upper lip was cut, evidently by a blow against her teeth.

The injured child was taken to a physician as quickly as possible. Because of the change in the dog's disposition, it was suspected that he had gone mad. It was remembered that recently he had had a fight with a neighbor dog, in which he was bitten.

Rabies Germs Found
As a result of a consultation, the dog was killed and his head was sent to the office of the state board of health in Los Angeles for examination. A report from that office stated that rabies germs were found in the dog's brain.

By reason of the fact that blood from the child, carrying saliva from the dog's mouth, had run over the hands of all of them, the physician in charge advised that the Pasteur treatment for rabies be given not only to the child who was bitten, but to the others as well.

Accordingly, yesterday daily injections of anti-rabies serum were begun, to be continued for 21 days. Those taking the treatment are Mr. and Mrs. Flaherty and little Dorothy, Mr. and Mrs. Block, Miss Nina Brush, whose home is at the Block ranch, and Dr. John McCauley.

District Attorney Nelson said today that it is the intention of himself and Jernigan strictly to enforce the quarantine against dogs and he warned that dogs running at large and unmuzzled would be killed. Operation of the state law makes it possible for the county authorities to exercise jurisdiction over the cities of the county in the matter of enforcing the quarantine, Nelson declared.

WOMEN MAY BE LEGISLATORS
DES MOINES, Ia., Jan. 25.—The Iowa house passed unanimously the joint resolutions calling for an amendment to the Iowa constitution which would permit women to become members of the State Legislature.

Prohibition Bureau Protests Against Embassy Booze Order

WASHINGTON, Jan. 25.—The prohibition bureau has protested to the treasury department against alleged excessive importations of liquor by one legation here, it was learned at the treasury department today.

The prohibition bureau is said to have called the state department's attention to the magnitude of one of the legation's orders and the small size of the legation's staff. The order was said to have been for nearly 2,000 cases and was filled just before Christmas.

Action was taken today by several embassies and legations here to cut down their quotas of liquors as the result of investigations by the prohibition bureau.

200 HIGHWAY EMPLOYEES TO LOSE PLACES

Engineers and Draftsmen on New Jobs Lose Out as Funds Are Reported Lacking.

SACRAMENTO, Jan. 25.—Dismissal of approximately 200 employees of the state highway commission, men engaged in road work, is effected in an order sent out today.

The staff reduction is declared only temporary and many of the men may be rehired within a few months, it is stated.

Employees dismissed include a number of engineers and draftsmen engaged in the preparation of plans for new work which has been ordered held up by the commission due to the asserted lack of funds.

Final reports made at a luncheon at James' cafe here at noon today by teams working in the Santa Ana campaign for \$6000 for the Boy Scout budget for 1923 disclosed that Santa Ana "went over the top" with \$379.25 to spare. The total reported was \$679.25. It was expected that this sum would be increased by known supporters of the work who have not been interviewed by the solicitors.

The drive was made by teams of men selected by the Kiwanis, Rotary and Lions clubs. The Kiwanis division, under M. B. Wellington, secured subscriptions totalling \$2984 and won the honor of returning the largest amount of any of the clubs. The Lions club team, next with \$1785.50, and the Rotary third with \$1610.75.

A Kiwanis team also was high in the individual team contests. F. C. Blauer, J. P. Baumgartner and O. H. Barr composed the team. Their solicitations resulted in contributions aggregating \$816.

Lamont McCadden, Charles L. Davis, J. W. Tubbs and A. V. Na pier, Rotarians, were second, with \$360, and the Lions club team, captained by G. C. Ross, was third with \$236.50.

Roland Dye, scout executive, expressed to the workers his appreciation of the spirit displayed in going out after subscriptions and disposing of the work quickly. He declared his belief that the co-operative effort of the three clubs in any movement would spell success.

According to Dye, Anaheim has reported in \$600 of its quota of \$2500; Fullerton \$1000 of a quota of \$2250 and Orange \$500 on \$1750. It was pointed out, however, that the totals were reports only from about one-third of the teams in each of the cities. Dye was sanguine of success in getting the full county quota of \$13,500.

SAILOR IS KILLED IN WARSHIP BLAST

SAN PEDRO, Jan. 25.—One man was killed and two were injured in an explosion of an acetylene tank aboard the U. S. S. California this afternoon. No further details are yet available.

The dead man's name was given as Blanchard, blacksmith, first class. He is married and a resident of Long Beach.

A first class fireman named Leonard was reported to have been seriously injured in the explosion, while a third man, name unknown, was slightly injured.

It is difficult to get official information. The interior of the blacksmith shop was wrecked by flying steel from the exploding tank.

STRIKE IS CAUSE OF RIOTING

Belgian Troops Shoot and Beat Citizens In Industrial Zone

FRENCH GET ORDERS TO SHOOT TO KILL

Infuriated German Mob Attacks Invading Officers at Mayence

ESSEN, Jan. 25.—A crowd of more than 20,000 milled about the railroad station and the post office, in which scores of French troops are garrisoned, this afternoon, waiting to demonstrate in honor of Fritz Thyssen and his fellow industrialists upon their return from Mayence, where they were fined by a French courtmartial. The situation was fraught with danger because of the mood of the crowd, at once hilarious and bitter. German foot and mounted police worked like trojans to keep the demonstrators off the beats which French sentries were patrolling.

COBLENZ, Jan. 25.—Less than twenty-four hours after the Yankees departed, Coblenz was in an uproar, the populace overwhelming the local police and holding two violent demonstrations against rumored separation from Germany and formation of a Rhineland republic. A mob wrecked offices of the newspaper "Rheinlander," which has supported the republic idea, a French plan.

(By United Press Leased Wire) ESSEN, Jan. 25.—Belgian troops today shot and wounded a German citizen at Ende as a result of a quarrel and beat civilians in a clash at Oberhausen.

The trouble arose over the rail strike, which was general throughout the newly occupied zone this afternoon, although some trains were kept moving eastward from Essen.

General Weygand's arrival this afternoon was believed to be a signal for further repressive measures in the Ruhr. The French kept a watchful eye upon demonstrators preparing to welcome Fritz Thyssen and the coal barons tried and fined yesterday at Mayence.

Tightening of censorship by the French authorities shields developments, even from correspondents within the ring of bayonets which lute isolation of the Ruhr, drew around the occupied area, but rail traffic has been practically at a standstill since 10 o'clock last night.

Entire Ruhr Isolated.
The newly occupied area is cut off, not only from the rest of Germany that lies to the east, north and south, but from the occupied Rhine on the west as well.

Important French troop movements apparently aimed at absolute isolation of the Ruhr, were under way through the night and this morning. Heavy gun caissons rumbled through the streets of towns that mark the limits of the newly occupied zone.

Many of the troops that were withdrawn yesterday from cities have been flung into an impenetrable cordon of steel about the industrial zone, along a line which France intends to make a new border for the next two years, according to reports from both German and French sources.

No one now may pass in or out of the Ruhr by rail, water or highway, without undergoing the scrutiny of French sentries and coming under the yawning muzzles of heavy field guns.

French Workers Coming.
Part of France's plan for controlling the Ruhr during the coming months of occupation is to put French railway workers in charge of the trains and roads. Skilled laborers, engineers and train crews are en route from important French railway center to take up this work.

Arrival today of General Weygand, who it is believed, will be named high commissioner over the occupied zone, accompanied by Minister of Railways Le Troquer,

FOR ITCHING TORTURE

Use Antiseptic Liquid Zemo

There is one remedy that seldom fails to stop itching torture and relieve skin irritation, and that makes the skin soft, clear and healthy.

Any druggist can supply you with Zemo, which generally overcomes skin diseases. Eczema, Itch, Pimples, Rashes, Blackheads, in most cases give way to Zemo. Frequently, minor blemishes disappear overnight. Itching usually stops instantly. Zemo is a safe, antiseptic liquid, clean, easy to use and dependable. It costs only 35c; an extra large bottle, \$1.00. It is positively safe for tender, sensitive skins.—Adv.

Says His Prescription Has Powerful Influence Over Rheumatism

Mr. James H. Allen, of Rochester, N. Y., suffered for years with rheumatism. Many times this terrible disease left him helpless and unable to work.

He finally decided, after years of restless study, that no one can be free from rheumatism until the accumulated impurities, commonly called uric acid deposits, were dissolved in the joints and muscles and expelled from the body.

With this idea in mind he consulted physicians, made experiments and finally compounded a prescription that quickly and completely banished every sign and symptom of rheumatism from his system.

He freely gave his discovery, which he called Allenru, to others who took it, with what might be called marvelous success. After years of urging he decided to let sufferers everywhere know about his discovery through the newspapers. He has therefore instructed druggists everywhere to dispense Allenru with the understanding that if the first pint bottle does not show the way to complete recovery he will gladly return your money without comment. All druggists can supply you.—adv.

Piles

All druggists are authorized to refund the money if PAZO OINTMENT fails in the treatment of any case of ITCHING, BLIND, BLEEDING or PROTRUDING PILES.

PAZO OINTMENT instantly Relieves ITCHING PILES and you can get restful sleep after the first application.

It is guaranteed by Paris Medicine Co., St. Louis, Mo., Manufacturers of the world-famous Laxative BROMO QUININE Tablets.

E. M. Brown
This signature is on every box of PAZO OINTMENT. 60c.

If you are unable to get PAZO OINTMENT from your druggist, send 60c in stamps to Paris Medicine Co., 2630-2650 Pine St., St. Louis, Mo., and a box will be mailed to you promptly. Write your name and address plainly. (Clip this Ad for Reference)

CLAIMS K. K. K. TO BLAME FOR LA. DEATHS

(Continued from page 1)
camp near the lake while traveling by automobile from Texas to Mississippi. About midnight his wife woke him.

Wore Black Hoods
"Look, there's the Ku Klux," she said, "I'm terrified." "I raised up and looked out at them and it was 'Then had on black hoods. Two men were not masked. One was sitting in the front seat of the touring car with a sort of white rag tied around his face, and the other was in the back of the truck."

"They kept right on until they got out of sight around a bend. On the other side of the curve we saw their lights by the ferry landing. Then the lights went out. After a bit the lights of one of the cars came up again and it started to back up to us."

"When it got to within seventy-five yards of us it stopped and the lights went out. My wife went right out of our car and into the potato patch nearby and I took the baby and went too."

"Their lights went on again and the car went on back to the lake and then got back in the car."

"About one hour or so after the lights went down to the lake, the lights went on again and the two cars came back."

"Did they pass close to you?"

"Within a foot or two."

"Were they the same people that you saw when the cars went down to the lake?"

"No, sir; the two men that didn't have black hoods on, they were missing."

FAMOUS CROOK HITS BOTTOM OF LADDER

NEW YORK, Jan. 25.—Charles Fisher, 70, today hit the bottom of the ladder with a bump.

Described by detectives as one of the most famous gentleman crooks, during the time of his youth, and the only man ever to receive an annuity from the American Bankers' association, in exchange for a promise to give up his profession of forgery, Fischer was today committed to The Tombs for putting a bogus nickel in a subway slot machine. He got ten days.

PROMINENT CATHOLIC AUTO CRASH VICTIM

LOS ANGELES, Jan. 25.—Monsignor J. P. Stockman, 57, of the Church of Rome, was probably fatally injured when struck last night by an automobile driven by J. G. Scott. Scott was released after making a report to the police. Monsignor Stockman has been connected with Catholic affairs in Southern California for nearly fifty years.

L. A. MAN WINS IN FIGHT OVER ESTATE

NEW YORK, Jan. 25.—George Allen Hopkins of Los Angeles receives \$340,000 and \$700,000 is held in trust for him, by judicial settlement of his father's estate, application for which was made in the surrogate court today. The father, George B. Hopkins, who died in 1920, also left \$625,000 to Mrs. Elizabeth H. Johnson of Madison, Wis., a daughter.

CONFECTIONERY NAME OFFICERS FOR YEAR

SAN FRANCISCO, Jan. 25.—J. J. Collins, San Francisco, was elected president of the Western Confectioners' association at the eighth annual convention here yesterday.

Other officers elected were: George W. Lehy, Los Angeles, first vice-president; A. J. Bales, Portland, second vice-president; and Nicholas Nelson, San Francisco, secretary and treasurer.

SUSPECTS IN AUTO THEFT RING TAKEN

LOS ANGELES, Jan. 25.—With two stolen machines in their possession, Albert Burkelson, 20, and Joe Peterson, 20, were arrested today. Both men are said to be wanted on similar charges in San Diego. According to a circular issued by the San Diego police department, the pair are charged with having driven numerous stolen machines across the border, where they were dismantled, reconstructed and brought back for sale.

POSTPONE I. W. W. TRIAL

LOS ANGELES, Jan. 25.—Trial of twenty-two alleged I. W. W.'s charged with criminal syndicalism, set for today, was postponed until Monday by Judge Avery because of the press of other cases. The accused men were arrested at San Pedro several weeks ago. Later they staged a near riot in the city jail.

Don't Let That Cold Turn Into "Flu"

Rub on Good Old Musterole

That cold may turn into "Flu," Grippe or, even worse, Pneumonia, unless you take care of it at once. Rub good old Musterole on the congested parts and see how quickly it brings relief.

Colds are merely congestion. Musterole, made from pure oil of mustard, camphor, menthol and other simple ingredients, is a counter-irritant which stimulates circulation and helps break up the cold.

As effective as the messy old mustard plaster, it does the work without the blister.

Just rub it on with your fingertips. You will feel a warm tingle as it enters the pores, then a cooling sensation that brings welcome relief.

35c and 65c in jars and tubes. Better than a mustard plaster.

SON OF E. C. PHILLIPS UNDERGOES OPERATION

Little Dickie, son of Mr. and Mrs. Ernest Crozier Phillips, was operated upon at the Community hospital this morning for appendicitis. The boy suffered an attack two or three days ago, and it was hoped until this morning that an operation could be avoided. This afternoon it was stated that the boy was doing very well and had every prospect for recovery.

PROBES CLAIM SPARE TIME OF SOLONS

(Continued from page 1)

creasing the salary of the state superintendent of schools from \$5,000 to \$7,500 annually was presented by Assemblyman Saylor. She also brought in an amendment raising the salaries of county superintendents of schools to equal that of judges of the superior courts.

Assemblyman Wright presented a constitutional amendment authorizing the legislature to work out a system of state insurance to cover all state owned buildings and public schools. He declared that such institutions are paying over \$5,000,000 annually in insurance premiums and the first loss is comparatively small. The amendment is expected to develop violent opposition from insurance companies.

GRAND JURORS PROBE DEATH OF DANGER

(By United Press Leased Wire)
SAN DIEGO, Jan. 25.—The San Diego county grand jury is investigating the mysterious death of Fritz Mann today.

A secret investigation has been under way for some time and several persons have been questioned in connection with the case. Unofficial reports are that the grand jury wishes to investigate rumors that there has been a conspiracy to protect a suspect in the case and that certain persons questioned in the case are withholding facts from the police.

The grand jury was asked to probe the case, it is understood, after a Los Angeles handwriting expert absolutely identified the handwriting of one suspect in the case, and the handwriting of the "A. Wise Johnstone" at the La Jolla cottage as one and the same. The next step, it is understood, was to quiz certain alibi witnesses of this suspect.

Fritz Mann's body was found eleven days ago at Torrey Pines, but there has been no let up in the vigorous man hunt for her companion at the La Jolla "love nest." Both the police and district attorney's office said today they would leave no stone unturned in their search for the companion of the girl.

In addition to city and county officials, attorneys for the dead girl's family joined in the hunt today.

INVADERS FIRE ON RIOTING GERMANS

(Continued from page 1)

is interpreted by Germans as the final act of the French in establishing their custom bayoneted ring around the Ruhr.

At Oberhausen, French troops in charge of a local piece of road constructed barbed wire entanglements today as the German workers demand a general strike.

COMMENT
BY
Chester H. Rowell

(Continued from page 1)

nor, on wine and beer materialism, once elected Woodrow Wilson governor on an exaltation of moral and intellectual idealism. Wilson appealed to the soul and Edwards to the thirst, and both won, before the same people, for the same of life.

Or was it the same people? A single district in Texas once elected three congressmen in succession. The first, General Reagan, after senator, was a dignified Southern gentleman of the old school. The second, also afterward senator, Bailey, was the youngest, most spectacularly dressed and generally most aggressively up-to-date man then in Congress.

The third, Martin, wore his pants in his boots, and blew out the gas the night he arrived. The same people sent these three contrasts in succession, just as the same people in New Jersey elected Wilson and Edwards. Or was it the same people?

Doubtless not. Every state and every district consist of all sorts of people. Any sort, if enough others from purely extraneous causes temporarily vote with it, may become, for the moment, the majority. There is no such thing as a "typical" or "representative" New Yorker or Californian. (Copyright, 1923, by All Western Syn.)

COUNTY 'Y' TO HOLD ANNUAL MEET FEB. 2

With George Gleason, Los Angeles, who was for twenty years a special representative of the Young Men's Christian association in Japan, as the principal speaker, the Orange County Y. M. C. A. will hold its annual convention at the First Christian church here beginning at 5 p. m., February 2, it was announced today.

A short business session will precede dinner, which is scheduled to be concluded by 7:30 p. m. At the latter hour there will be a public session in the church auditorium, at which, in addition to county association activities, Santa Ana city and district work will be taken up. This session will be open to the public.

Gleason will speak on "The Enlarging Service of the Y. M. C. A. for the Community."

Business matters connected with the general work for 1923 will be taken up at the 5 p. m. session, and reports on the accomplishments of the past year will be made.

The session beginning at 7:30 p. m. will take the place of a formal "annual meeting" of the Santa Ana city association, it was said. Features will be reports from the local board of directors and the reports of the building committee. The local organization's constitution, it is hoped, will be ready for presentation.

WILL SENTENCE PHANTOM CITY CASE MAN

J. K. Wood, convicted before Superior Judge Z. B. West, of obtaining money under false pretense, in connection with the sale of a "ghost city" in the Mojave desert, will be returned to court here for sentence tomorrow, District Attorney A. P. Nelson stated today.

A remittitur, announcing the fact that the appellate court upheld the jury's verdict in convicting Wood, was filed with County Clerk J. M. Backs today.

When Wood was convicted here, he appealed the case on the grounds that the court had misinstructed the jury in the case. According to Wood, evidence as to checks which he was said to have received from the woman to whom he sold land, should not have been admitted.

There was no doubt as to the judge's ruling, according to the upper court. The remittitur was signed by Judge Works.

Wood was represented by Attorneys W. T. Kendrick, L. W. Blodgett and V. H. Kendrick.

As soon as the defendant who is now free on bail, is returned to the court here, he will be sentenced to serve a term in San Quentin.

URGES DEVELOPMENT OF MUSCLE SHOALS

(By United Press Leased Wire)
WASHINGTON, Jan. 25.—Development of Muscle Shoals by Henry Ford would solve the problem of providing the farmers with cheap nitrate fertilizer, Bernard M. Baruch, war-time chairman of the war industries board, told the house agriculture committee today.

Taking no side on the Smith-Stevenson resolution authorizing the government purchase of \$10,000,000 of Chilean nitrate to be sold to the farmers at cost, Baruch declared from \$16 to \$20 a ton would be saved to the farmers if the government bought Chilean nitrate direct and eliminated the middleman.

Baruch declared, however, he was opposed to the government going into any business and heartily favored the Ford Muscle Shoals project.

FORFEITS \$4000 BAIL.

LOS ANGELES, Jan. 25.—Joe Fiegelman, alleged pickpocket, forfeited a \$4,000 cash bond in Judge Willis' court today when he failed to appear for trial. The bond was put up by his father. According to police records Fiegelman has been arrested for picking pockets more than one hundred times.

SWAMP-ROOT FOR KIDNEY AILMENTS

There is only one medicine that really stands out pre-eminent as a medicine for curable ailments of the kidneys, liver and bladder.

Dr. Kilmer's Swamp-Root stands the highest for the reason that it has proven to be just the remedy needed in thousands upon thousands of distressing cases. Swamp-Root makes friends quickly because its mild and immediate effect is soon realized in most cases. It is a gentle, healing vegetable compound.

Start treatment at once. Sold at all drug stores in bottle of two sizes, medium and large.

However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention this paper.—Adv.

EXPECT FROST WILL FOLLOW RAINFALL

Light frost in exposed places tomorrow morning, was the prediction today by the weather bureau for Los Angeles and vicinity, with heavy frost indicated for the interior sections. The bureau did not hold out encouragement for further rains tonight and tomorrow.

Reports from sections of the county today disclosed that Jupiter Pluvius in the 24 hours ending at 7 a. m. today did not play fair with all sections.

Villa Park recorded .70 of an inch, while Huntington Beach received only .02 of an inch.

Pullerton reported .18 of an inch, a season fall of 4.05, as against a total for this date last year of 12.67.

The fall in Aliso canyon was .06, while at the Jacobs ranch station on the Irvine ranch it was .40 of an inch. The Jacobs place is near the Orange county park.

According to Hill and Son, the precipitation in Santa Ana was .30 of an inch, making 4.08 for the season.

Records at Orange disclosed a fall of .47 and for the season 5.01. At Irvine the twenty-four hour record was .15 and 3.41 for the season.

According to reports from the Irvine ranch, the rain of the past few days has been of tremendous value to the grain crop, some of which had begun to show signs of the lack of moisture.

PRESIDENT AT DESK FIRST TIME IN WEEK

WASHINGTON, Jan. 25.—President Harding returned to his office this morning for the first time since he was taken ill with gripe more than a week ago.

The president is practically recovered now, Dr. Sawyer, his personal physician, said, after a visit to the White House.

PRESIDENT OPPOSES RECALL OF ENVOYS

WASHINGTON, Jan. 25.—The Harding administration is opposed to a recall of the American government's unofficial representative on the reparations commission, Secretary of State Hughes revealed today.

In two letters to Senator Lodge, chairman of the senate foreign relations committee, Hughes outlined the activities of the American representative and then made it plain that the administration does not look with favor on the move in the senate to force his withdrawal.

NATIONAL CONTROL OF MINES IS URGED

WASHINGTON, Jan. 25.—An effort to pass legislation for government operation of coal mines will be made at this session of congress.

In the belief that private operation of the mines has failed to meet public needs, a resolution is being framed to declare mining of coal a public utility and to authorize the government to operate these interests for the benefit of the consumer.

The new attitude of those seeking such action was outlined to the United Press today by Senator David Walsh of Massachusetts, Democrat, who believes that government operation is the only solution of permanent ills in the fuel industry.

MRS. EARLS TELLS WOMEN

How Backache and Periodic Pains Yield to Lydia E. Pinkham's Vegetable Compound

Olean, N. Y.—"Every month my blood would go to my head and I would have such a headache, nose-bleed, backache and pains that I could not do my work. At night I could not get my rest and nothing seemed to do me any good. I read some of your testimonials about what Lydia E. Pinkham's Vegetable Compound had done for others, so I decided to try it. I had only taken two bottles when I began to be better, and my back did not hurt me nor my head ache. I felt like a new woman. The Vegetable Compound is a splendid medicine and I will always recommend it."—Mrs. A. D. EARLS, 630 N. 5th St., Olean, N. Y.

Mrs. Kelsey Adds Her Testimony
Copenhagen, N. Y.—"I read your advertisement in the papers and my husband induced me to take Lydia E. Pinkham's Vegetable Compound to get relief from pains and weakness. I was so weak that I could not walk at times. Now I can do my housework and help my husband out doors, too. I am writing for you to publish this letter."—Mrs. HERBERT KELSEY, R.F.D., Copenhagen, N. Y.

GOOD MANNERS

To a guest, the well-bred hostess may perhaps make some explanation of a condition of momentary disorder in her home.

But she does not apologize for what, possibly in her own mind, she may consider its permanent shortcomings, due to financial or other unavoidable reasons. She takes it for granted that the visitor will accept her hospitality as the best she has to offer without the necessity for reference to the fact.

The guest, needless to say, never implies a criticism by word or look.

NEWS BRIEFS

According to investigations made by J. F. Waller, city electrician, it will cost \$50,000 to install in this city an adequate fire alarm system. Original estimates by Waller were \$25,000 and the city council in discussing plans for a bond election was figuring on this amount. The electrician will recommend to the council that an issue of \$50,000 be proposed.

Members of the various societies of Spurgeon Memorial church were today interested in the announcement of a missionary tea to be held tomorrow at 2:30 p. m. at the residence of Mrs. Alice Turner, 108 East Eleventh street.

E. G. Stirmann, agricultural engineer of the Agricultural Extension service, and H. E. Wahlberg, Orange county farm advisor, today gave a scenic tank demonstration at the E. G. Berner ranch, one half mile west of the Katella school house. It included all phases of construction. The demonstration is scheduled to be repeated at the M. Uttenweiller ranch near the Buena Park schoolhouse tomorrow at 1:30 p. m.

Indicating the value of building construction in Santa Ana this month will double that of January last year, as judged by building permits issued, W. S. Decker, building inspector, today entered a total of \$306,354 in his records. Thirteen permits had been issued since his report yesterday for an estimated construction value of \$26,992. Permits for the full month last January represented a building value of \$69,000 less than today's total reached in 25 days.

Permission has been granted by the railroad commission to the Santa Fe Railroad company to construct a spur track at grade across Walnut, Highland and Malden Avenues in the city of Fullerton, it was learned today.

Test plantings of the athel, or tamarisk articuleta tree, as a wind-break on the R. J. Baker property at Irvine were being planned by H. E. Wahlberg, Orange county farm advisor. The athel in form and thickness of foliage is similar to the cypress, Wahlberg said, and has been used as a windbreak with considerable success in the Coachella valley. "Plantings on the Baker property will constitute one of three experimental plots in the county," Wahlberg explained. "The tree grows rapidly; in fact, is known as the most rapid-growing tree in California. It is especially suited to dry soil, though water aids materially in promoting its growth."

Matters of county-wide importance will be discussed at the dinner meeting of the Orange county Associated Chambers of Commerce at the Fullerton Club rooms Thursday at 6:30 p. m., J. C. Metzgar, secretary, announced today. Reservations must be made not later than Monday with Metzgar or G. A. Raymer, secretary of the Fullerton Chamber of Commerce, he said. Attention was called to the fact that the meeting date was postponed from the usual Wednesday date to the next day, which brings the January meeting of the association on the first day of February.

George Weitbrecht, recently appointed sanitary inspector for Santa Ana, has served notice on certain persons in Santa Ana that city health laws must be complied with, and that nuisances that are alleged to exist must be abated within five to thirty days. It was said that five notices have been served. It was declared possible that one of the cases would develop a test of the powers of the health regulations.

Four members of the Santa Ana Efficiency club of the Southern Counties Gas company served as the team to initiate a member into the Long Beach club at Long Beach last night, according to announcement made here today. More than 250 members were present at the supper, and at entertainment which followed. The Long Beach club quartette gave several close-harmony songs, and other members entertained with volunteer numbers. Seventy-five club members from the Orange county district were in attendance.

REMODELS STORE.
BUENA PARK, Jan. 25.—Mr. Tilton, who has recently purchased the drug store from Mr. Guernsey, has made many changes and is planning to create an up-to-the-minute drug store for its old and new friends.

Mrs. E. E. Thurman returned Sunday evening from a visit with friends and relatives at Palm Springs and Ontario.

A number of the Park boys attended the H-I-Y banquet and meeting at Fullerton Monday evening.

SIGNS MONEY BILL.

FAMED CRITICS HAIL YOUNG PIANIST

Arriving in America virtually unheralded, Erwin Nyiregyhazi, youthful Hungarian pianist booked by Santa Ana Post No. 131, American Legion, to appear at the Temple theater, here, January 31, has won and held the approval of the foremost critics of the United States, according to R. E. Johnston, well known New York musical manager.

"Nyiregyhazi's technique has amazed the modern musical world," said Johnston, commenting upon the furor created by the young Hungarian's concerts in and near New York.

"In an age when digital proficiency is taken as a matter of course, he still astounds even his mature rivals with breath-taking feats of skill."

"An unusually large hand, comparable to that of Liszt himself, is partly responsible for this proficiency."

"And yet the playing of this young genius is by no means all technique and pyrotechnic virtuosity. He has the power to move an audience through pure beauty of tone, and he often produces the most impressive effects with the simplest of melodies."

"The best critics have proclaimed Nyiregyhazi a wizard of the keys. Among these is H. E. Krehbiel, who refers to his 'perfect command of the dynamic capacity of the pianoforte, also of its tone color.' Richard Aldrich speaks of his 'fine feeling for piano tone,' while rhapsodizing over his marvels of execution. Max Smith emphasizes the 'poetic sensibility of his playing, its warmth and its maturity.'"

ANDRIST CLASS TO FEATURE AIR BILL

The Register's big radio family will enjoy a rare treat tonight when G. F. Andrist and his violin ensemble class will present a program especially arranged for KFAW. The broadcasting hour will be from 8 to 9 p. m.

Andrist will open the concert by playing "Santa Ana," one of his own compositions. Other numbers will include "Kiss Me Again," "Swanee," "Moon," "Traumerei," "Mazurka Caprice," "The Mocking Bird," a concert overture, and other selections. Mrs. Andrist will play the piano accompaniments.

LOCAL MEN GAIN BIG OIL INCOME

The daily income from "black gold" of William Smith, local representative of Guggenheim and company, and Frank Purinton, manager of the Grand Central Market; O. J. Gilbert, citrus grower at Tustin, and Carl Hankey, walnut producer at Capistrano, had been further increased today by the bringing in at Huntington Beach of Ashton No. 1, flowing today at the rate of 5200 barrels a day.

This well is said to be the largest producer in the Huntington Beach field. It is one of five producing wells on a forty-five acre community lease, in which the four men own four acres. Ashton No. 1 formerly was on production but following discovery of a deeper sand in the field was drilled deeper. It was brought in the latter part of last week.

Production on the least today returns on royalty about thirty-four barrels a day to the acre, according to Purinton. No. 2, in shallow sand, is producing 2000 barrels a day. No. 3 is cemented at 4900 feet and drillers expect to bring it in any day, with prospects of it being one of the greatest producers in the Huntington Beach field. According to Purinton, the well broke loose before it was ready to be brought in, and flowed for several hours at the rate of 5000 barrels a day.

No. 4 is averaging 3300 barrels a day and No. 5 is doing 200. Nos. 6 and 7 are now drilling. Purinton predicts the development of not less than thirty wells on the lease.

A nicer assortment of Philippine hand-made garments is seldom seen—and the low price gives the occasion an unusual interest.

Pomona College

— News Notes —

POMONA COLLEGE, Jan. 24.—Mrs. Harry Selway and Mrs. L. G. Swales motored to Claremont late Saturday morning to spend Sunday with their daughters, Miss Berthene Selway and Miss Mignonne Swales. Miss Selway was elected secretary of the Phi Alpha Phi Debating society at the last meeting of the club. Her term will continue through this semester, and also through the first semester of next year.

The pine of peace was smoked by the sophomore and freshman class representatives Saturday night, after a long and final bit of advice was extended to the freshmen by delegates of the sophomore class. Among those Santa Anans who witnessed the entertainment were Mr. and Mrs. John Knox, Mr. and Mrs. E. P. Stafford, Mrs. L. G. Swales and Mrs. H. J. Selway. Santa Ana young people who are sophomores and who took part in the preparation of the entertainment were Misses Lucinda Griffith, Jean Goodwin, Mignonne Swales, Frances Egge, Edith Knox, Helen Hankey, Grace Robertson, Kathleen Schowengerdt and Theodore Gilbank.

ORANGE COUNTY NEWS

VAUDEVILLE AT LAGUNA BEACH PLEASING

LAGUNA BEACH, Jan. 25.—"A Touch of History," the story of Mark Antony and Cleopatra, with frequent "touches" bordering on modern times, such as latest news by radio or from "Laguna Life," and the "Santa Ana Register," written by J. W. Skidmore, prominent real estate man and property owner of Laguna Beach, was the chief attraction of the vaudeville performance given by the Lynn Players at the new Lynn theater Thursday night.

The stage setting portrayed Cleopatra's room, showing in the center a draped couch with a background of gold cloth from the center of which red and green curtains were drawn to either side of the stage.

A monograph and radiophone held important places in the foreground.

The leading roles were played by Thelma Farman and Lynn Auden-kamp. Tony Derkum took the part of Amenohes, Rellie Clapp that of Octavianus, and Leo Farman was the Amenohes.

Between the acts, Bob Williams entertained the audience with a monologue in vaudeville.

Other numbers on the program were, another negro skit by Gus Derkum and George Ritchie, and a song by Gladys Bowman, a pupil of Ellis Rhodes.

Wintersburg, Smeltzer

WINTERSBURG AND SMELTZER, Jan. 25.—Friday evening a number of the Leaguers of the Methodist church of Wintersburg motored to Huntington Beach where they joined the young people of the Christian church in a meeting conducted by Rev. Harry Anderson, who is holding meetings throughout the county. Preceding the meeting the young people were guests at a delightful supper served in the church parlors, where a pleasant social time was very much enjoyed.

Those included in the local party were: Rev. J. Scott Willmarth, daughter Miss Alice and son Gardner; Miss Alberta Turner, Arthur Murdy, Clyde Soden, Miss Lucille Soden, Miss Lena Atkins, Susan and David Russell, Raymond Jones and brother, Miss Opal Vandrieff, Ralph Murdock, Clayton Murdock, Marretta Murdock.

The first lot of tubing drains was completed the past week by the Ulrich Tubing Drainer company of Wintersburg. The drains are an oil derrick appliance invented by Frank Ulrich, proprietor of the shop. Models of his invention were completed some time ago, but this is the first work of the kind to be done in his own shop.

Mr. and Mrs. C. J. Deavers, who are staying at the home of the latter's parents, Mr. and Mrs. C. L. Jordan, have purchased a lot at Balboa. They will build at once and expect to move to their new home as soon as it is completed.

Mrs. C. L. Jordan left the latter part of the week for Los Angeles to remain over the week-end as the guest of friends.

Monday being the last day for duck hunting, several members of local clubs were down for a final shoot.

Dr. Sanborn, Hollywood broker, and Mr. Dans, of the Barnes music store of Los Angeles, came Sunday, remained over and were guests during their stay at the home of Mr. and Mrs. Paul Duc, Mr. Dans, who is a talented musician, assisted by Dr. Sanborn, entertained with a delightful musical evening of their stay, giving a program of Indian music with impersonations.

Mr. and Mrs. George Murdock finished moving Friday to their new home at Westminster. For the past two weeks they have been preparing the house into which they have moved for their occupancy.

Mr. and Mrs. Robert Turner and the former's brother, Harold Turner, attended revival services at Placentia Friday evening.

Commencing Monday night, January 21, at the Wintersburg hall, E. C. Fugua, formerly of Greeley, Colo., now of Pasadena, will begin a series of evangelistic meetings. They will continue until Friday evening, then close until the following Monday evening, at which time they will recommence for an indefinite time.

WINTERSBURG & SMELTZER, Jan. 25.—Automobile wrecks are daily becoming more and more frequent on the Huntington Beach boulevard between the points of the cemetery corner south of this place and the Santa Ana boulevard on the north.

The traffic steadily increases and reckless driving is in such evidence at all hours of the day and night that property holders along this road are thinking seriously of requesting traffic protection.

Scarcely a night passes but what the residents are roused by autoists of nearby wrecks and are called to assist in caring for the injured or dead, and to help out on resulting mechanical troubles.

Every night has its toll of a half dozen wrecks or so.

A big Overland sedan went into the Culver field Wednesday night, when it collided with a Ford. A baby had its face cut to some extent, proved the only injury to the occupants of the car, which included a man, woman and three children. The Ford went into the canal on the other side of the road and the occupant was not injured, it is understood.

The sedan had the entire front end smashed and three wheels were damaged.

Traffic was stopped for several

OREGON WOMAN ASKS FOR DESCRIPTION OF MAN WHO LOST LIFE

NEWPORT-BALBOA, Jan. 25.—That Harry Ruttan, who lost his life while trying to enter Newport harbor New Year's day, may be her brother is the belief expressed in a letter written to Newport Beach officials by Mrs. Harry Waters of Roseburg, Ore. Mrs. Waters indicated that she had not heard from her brother for some time, and from meager descriptions furnished through the press came to the conclusion that perhaps the drowned man was in reality her brother.

BUILDING RECORD SET IN ANAHEIM

ANAHEIM, Jan. 25.—What is believed to be a building record for churches in Orange county has been established here by members of the First Christian church assisted by recruits from the local carpenter's union. Seventy-five of these men started to build a tabernacle for the Vawter evangelistic company Monday morning. They were scheduled to lay down their tools at 5 o'clock that night. Before that hour the building was completed.

It was said that the reason the volunteers were so numerous was to be found in the fact that the women of the church had prepared a chicken dinner to be eaten after the building had been erected and of which only those who had actually aided in the construction could partake.

Many of the volunteers never had had any great experience with hammer and nails.

SAN JUAN CAPISTRANO PEOPLE WILL ATTEND JAYHAWKER MEETING

SAN JUAN CAPISTRANO, Jan. 25.—A number of local people are planning on attending the annual picnic of the Kansas Association of Long Beach at that city Monday, January 29, at the pier and auditorium.

Those who attend are requested to come as early as possible and to spend the day. County registers and headquarters are to be conducted in order that old friends and neighbors may meet each other. A brief program is to be presented at 2 o'clock.

Hot coffee will be served free to those who buy the new state badges and many are planning to bring picnic lunches.

AUXILIARY OFFICERS OF LEGION INSTALLED

ORANGE, Jan. 24.—New officers of the local chapter of the auxiliary of the American Legion were installed here this week, under the direction of Mrs. Sydney Saunby, of Tustin. Mrs. Saunby is a former state vice president of the auxiliary. Many Legion members were guests.

Officers installed were: Mrs. F. L. Chapline, president; Mrs. Jerry Lyons, first vice president; Mrs. Cora Pister, second vice president; Mrs. George Blair, secretary; Anna Slater, treasurer; Mrs. W. H. Peterkin, chaplain; Mrs. Vernon Rozell Jr., sergeant-at-arms; Mrs. C. L. Benson, historian.

Twenty-seven new members were to be initiated, but all of them could not attend, so the remainder will be taken in February.

The hall was decorated with silk flags. Plans were discussed for a proposed chicken dinner, to be given for the Orange county ex-service men on the anniversary of the birth of George Washington, February 22.

It was also proposed that a dinner be given for the Orange Chamber of Commerce, but nothing definite was decided in that regard.

LA HABRA HELD TO HAVE 2700 PEOPLE NOW

LA HABRA, Jan. 25.—Figures recently given out by N. M. Launer, secretary for the La Habra Mutual Water company, show La Habra to be a rapidly growing community. A conservative estimate, based on the water company's figures, would indicate a population for La Habra of about 2700 as against 500 as shown by the federal census of two years ago.

The company has made more water connections in the last two years than it made in the seven years from 1915 to 1921, with a 50 per cent increase for the last year over any other year.

There were 175 new connections made last year, which was an average of a little over 14 per month. The year of 1922 saw an average of 13 new houses erected each month.

KIWANIS BECOME BOYS ONCE AGAIN

LA HABRA, Jan. 25.—The La Habra Kiwanians are learning to be boys again. "Swede" Evans, the big athlete of the club, who has been appointed athletic director, called the men together at the social hall last night for the first round of basketball and volleyball. There was a good turn out in spite of the rain. Lieutenant Governor Winder of Riverside, challenged the La Habra club for a game to be played with the Riverside club.

ORANGE HIGH SCHOOL WILL PRESENT PLAYS IN OWN AUDITORIUM

ORANGE, Jan. 25.—A drama entertainment is to be given by the Orange high school students Friday and Saturday nights, January 26 and 27.

The plays will be in the high school auditorium under the directorship of F. L. Carrier. Besides the plays there will be two readings by Miss Dennis's pupils and music. Eleanor Heitschusen and Opal Roberson will dance. Also there will be a movie of Harold Lloyd, "I Do."

One of the plays, "Don't Shoot," is a comedy written by Mr. Carrier. It is a humorous depiction of the manner in which rehearsals for plays are carried on by Mr. Carrier and his students.

The other, "Riders to the Sea," by Synge, is about an old woman, who, one by one, has seen the last of her six sons taken by the sea. Complete resignation at last is hers. She has no more sons to be awake and worry about at night. Now she can sleep.

The students have worked hard on these plays.

The cast for "Don't Shoot" is: Bert Bard, Wilbur Anderson, Lillian White, Velma Curl, Phil White, Howard Murphy.

The cast for "Riders to the Sea" is: Nora, Catharine Wilson, Cathleen, Clara Condon, Maudy, Marjorie Thomson, Bartley, Leonard Field.

DESPITE RAIN CLUB AT LAGUNA GATHERS

LAGUNA BEACH, Jan. 25.—Mr. and Mrs. "Gavvy" Cravath were host and hostess at the Monday night Community club bridge party. The usual number attended despite the inclemency of the weather, and the usual enjoyment prevailed. After the last game refreshments were served.

Mr. and Mrs. Joe Skidmore contributed the music for the evening, the former whistling and the latter playing accompaniments. Dancing completed the evening.

HAS LEG AMPUTATED

PLACENTIA, Jan. 25.—Leon Dale, 16 years old, a nephew of A. E. Long, had his leg amputated Tuesday, after suffering since last week, when a steel beam fell on him from a passing truck, after which he was taken to a Los Angeles hospital. His father, Charles Dale, lives in Long Beach.

LONG BEACH POPULAR

PLACENTIA, Jan. 25.—Long Beach was a popular place for Placentia people on Sunday. Among those who were there for the day were Mr. and Mrs. A. C. Challes, Mr. and Mrs. Arnold Kraemer, Ira A. Fletcher and James Ferguson.

SPEND SUNDAY AT BEACH

PLACENTIA, Jan. 25.—Mr. and Mrs. Eisenacher and sons spent Sunday at Long Beach. They were accompanied home by Mr. Dolus who visited them over until Monday afternoon. Miss Josephine McKeehan visited Miss Ruby White of the G. and L. lease Saturday and Sunday.

SUNDAY DINNER GUESTS

PLACENTIA, Jan. 25.—Mrs. Anna Lemke and family were in Anaheim Sunday, dinner guests of Mr. and Mrs. Arch Hawkins.

Mrs. F. D. Miller has been confined to the house all week with a bad cold resembling the influenza.

MEDIUM BROWN HAIR

BUGGY IS DAMAGED AND WOMAN HURT IN ANAHEIM COLLISION

ANAHEIM, Jan. 25.—An old-fashioned horse-drawn buggy and Mrs. Raphael Mendez, the sole occupant of the vehicle, came out second best in a collision with an automobile driven by H. H. Memley of 2336 Pasadena avenue, Long Beach, near Los Alamitos, this week.

Mrs. Mendez was seriously injured and was taken to her home by ambulance. The buggy was practically demolished by the automobile and the horse was slightly injured. The automobile bore a Washington state license number 115-406.

PLACENTIA SCHOOL GARDENER IS SUED

PLACENTIA, Jan. 25.—Cruelty, including false charges of infidelity and lack of support for four months are among the things charged by Caroline Klotzly, wife of E. E. Klotzly, gardener of the Placentia school district, in a divorce complaint filed today.

The charge of infidelity was in connection with her last child, says the woman in her complaint. The defendant also repeatedly flew into a rage and called her vile names, she asserts.

On September 2, 1921, he compelled her to leave the house with her children. They were gone two months, and rejoined him only at the solicitation of their pastor.

They have three children—Herbert, 20; Helen, 14; and Esther, 8. They have no community property except his salary since August, 1922.

In a further paper filed today his husband is accused of discharging the son, Herbert, from his position as assistant gardener at \$100 per month, which helped in her support.

The complaint asks \$75 per month to help support the minor children.

They were married in Ohio on September 21, 1901.

MISSIONARY WORK IN INDIA IS DESCRIBED IN SEAL BEACH TALK

SEAL BEACH, Jan. 25.—Under the auspices of the Epworth league an interesting missionary program was given Sunday night at the Community church. Baldwin of the Grace M. E. church of Long Beach was the chief speaker, giving an interesting address on the work in India. Mrs. Scribner, who sang at the morning service and whose beautiful voice and sympathetic interpretation is a rare treat to music lovers, gave another selection at the evening service.

A surprise birthday party, to which a number of Seal Beach friends were bidden, was given the latter part of the week at the home of Mrs. Schubach in Belmont Heights in honor of her little daughter, Louise. About twenty guests came in to make merry but Master Stirling failed to arrive. A car was sent for him and his mother and the birthday party eventually turned into a surprise shower in honor of Mrs. Stirling.

Word was received this week by the Sheran family of the serious illness of Rev. William Sheran in Chicago. John Sheran is in Washington, D. C., on a business trip and was notified of his brother's conditions.

The Ladies' Aid of the Community church will hold a cooked food sale on Saturday, January 27, in the Stevens' building on Main street.

Mrs. John Davis was down on Tuesday from Los Angeles. She reports her son, John Henry, has been quite sick.

Mr. Simpson and family have taken the Padrick house on Sixth street and Mrs. Padrick is moving to the Landing.

Dorothy Harding has been out of school sick this week. Now she is better and little Maxine and her brother are both ill.

Mr. and Mrs. Mugadora are leaving Seal Beach this week.

Mrs. Thomas Holmes of Los Angeles was a guest in the home of Mr. and Mrs. Partridge, Tuesday. The new highway has been completed as far as Thirteenth street.

Betrothals
Weddings
ReceptionsRecent Bride Is
Honored by Friends
At Pretty Gift Shower

Thoroughly enjoyable to guests
and hostess was the pretty affair
given recently by Mrs. Irvin
Fickas to honor one of the winter's
brides, Mrs. Roland Nelson, form-
erly Miss Edith Travis and a sister
of Mrs. Fickas.

Arriving guests found the Fickas
home on Edinger street, ablaze
with poinsettias, which also were
used to decorate the table from
which delectable refreshments were
served late in the afternoon.

Upon a second flower-decorated
table, the interested friends of Mrs.
Nelson placed gifts for her in hon-
or of her recent marriage and the
showers of miscellaneous articles
gave a happy afternoon as the
honoree unwrapped and displayed
to view, the varied gifts of use
and beauty.

At the refreshment hour, Mrs.
Fickas served a dainty menu to
her guests, those invited being in
addition to the honor guest, Mrs.
Nelson, Mesdames George Manders-
cheid, Alfred Manderscheid, Rob-
ert West, Michael Babylon, Jack
Hazzard, Will De Venney, Fred De
Venney, W. R. Rogers, Charles
Nelson, Zula Chandler, L. S. Car-
ter, Paul Plavan, H. B. Jesse, the
Misses Anna Babylon, Helen Jes-
see and Doris Jesse, Mrs. Minnie
Wheeler, mother of hostess, and
honoree guest, and Mrs. Guy Travis,
her sister.

Past Matrons

A happy gathering of the Past
Matrons' association of Hermosa
chapter, O. E. S. was that of Tues-
day when Mrs. O. M. Robbins, Mrs.
Max Nelson, Mesdames George Man-
derscheid, Alfred Manderscheid, Rob-
ert West, Michael Babylon, Jack
Hazzard, Will De Venney, Fred De
Venney, W. R. Rogers, Charles
Nelson, Zula Chandler, L. S. Car-
ter, Paul Plavan, H. B. Jesse, the
Misses Anna Babylon, Helen Jes-
see and Doris Jesse, Mrs. Minnie
Wheeler, mother of hostess, and
honoree guest, and Mrs. Guy Travis,
her sister.

Tables were arranged in the
form of a hollow square and adorned
with green candles, and quanti-
ties of white blossoms and green-
ery to carry out the association
colors of green and white.

The menu of the four course lun-
cheon further emphasized the color
scheme and covers were laid for
the trio of hostesses, for Mrs. W.
Whitson, worthy matron of Her-
mosa chapter and guest of honor at
different association functions dur-
ing the year, for Mrs. Johnson of
Fairmont, Minnesota, a house-
guest of Mrs. J. G. Mitchell and
Mrs. Oberlin, Mrs. Robbins' house-
guest, and for the following mem-
bers of the association, Mesdames
Mary L. Balderston, Florence Bon-
boy, Cora B. Cavins, Lula H.
Drake, Ida E. Dunphe, Frances M.
Ellis, Minnie M. Holmes, Elida A.
Huntington, Martha M. Medlock,
Laura Mitchell, Laura McCormick,
Elizabeth H. Moore, Dora M.
Pease, Jennie A. Peek, Fannie M.
Reeves, May J. Tomas, Carrie E.
Tope, Anna L. True, Alice M.
Tubbs, Emma J. Trueblood, Maude
M. Winbiger, Adelaide Safley,
Laura L. Griffith, Ella C. Strass-
berger and Miss Pauline Reinhaus.
Following the luncheon the after-
noon was spent socially and with a
in the parlors of the temple.

Current Events

When Mrs. Adrian McCain, Mrs.
John Irvin and Mrs. Edward B.
Van Meter entertained members of
the Current Events section of
Ebell club yesterday at a 1 o'clock
luncheon, it was at the beautiful
Italian home of Mrs. C. M. McCain,
2026 North Main street.

The soft richness of the interior
of the home was accentuated by
vivid conflowers used in decora-
tions. Each luncheon table was
centered with a basket of the blos-
soms while flaring yellow tulle
bows decking the basket handles
added the necessary "high light."

Roll call was responded to with
current events of wide and varied
interest. Twenty members were
present and one new member, Mrs.
Eugene Robinson, was welcomed.

PERSONALS

Angus Fleming of Portland, Ore-
gon, is in Santa Ana visiting his
cousin, Mrs. Charles Carothers, of
521 Wellington street. Mr. Flem-
ing visited Santa Ana three years
ago, "and I was amazed," said he,
"at the growth of the town."

News Notes of
Interest to
ClubwomenThe "Dutch Twins"
To Be Feted
Tomorrow

A number of Santa Anans are
planning to motor to "Our Village"
tomorrow where the two fair young
"Dutch Twins" will dominate so-
cial and entertainment life for the
day. The "Dutch Twins," be it
known, are the Misses Constance
and Perrone Arntzenius, charming
young daughters of Holland who
find in the freedom of the west-
ern world, all that their souls
lacked in water-locked Holland.

Touring the United States in an
automobile, they have finally
reached Laguna Beach where they
have temporarily ceased their
wanderings, content to bask in the
sylvan charm of that famed spot.

Unusually talented and clever
girls, the Misses Arntzenius are
utilizing their manifold accomplish-
ments in making their trip pay
their expenses and tomorrow night
at the community clubhouse of La-
guna, will present one of their
programs of singing and dancing.

Tomorrow afternoon the C.
Clarkson Colmans will entertain
for the sisters and many friends
from this city are planning to ac-
cept the hospitality of Mr. and
Mrs. Colman, motoring down for
the studio tea and remaining for
the evening entertainment.

Pastor and Family
To Be Greeted

Tuesday evening, January 30,
members of the Ladies' Aid society
of the First Presbyterian church
will receive their friends at the
church parlors, honoring the Rev.
William Everett Roberts, Mrs. Rob-
erts and the two young people of
the home, David and Miss Mary.

An interesting program will be
presented in connection with the
reception which will begin at 7:45
p. m. All members and friends of
the congregation are cordially in-
vited to be present, greet the new-
comers and enjoy the hospitality
of the Aid society.

Masons to Entertain
With Dancing Party

After a pause of several months
in their entertaining, Masons of
Santa Ana lodge No. 241 will again
resume social activities tomorrow
night when they give a dancing
party at Masonic temple with wives
and sweethearts as honored guests.

Similar parties given regularly
last winter were only equalled in
point of attraction by the summer
series when all entertaining was
done at the Balboa pavilion. Since
last summer, however, the dances
have been discontinued and their
revival creates keen interest in the
minds of Santa Ana Masons.

Christian Endeavor

Do you know what a mystery
party is? Members of the Inter-
denominational Christian Endeavor society
of the First Christian church will
learn tomorrow night, when, ar-
rayed in "mysterious" garments,
they attend a "mystery party" at
the community house from 8 to 10
o'clock.

To add to the merriment of the
evening, each one is expected to
bring an article for which they
have no use and do not want but
which they think some one else
may find a use for. A whole herd
of white elephants is expected to
result from the announcement.

SANTA ANA WILL BE
SURPRISED BY THIS

People are surprised at the
QUICK results from simple buck-
thorn bark, glycerine, etc., as
mixed in Adler-Like. One man re-
ports his long standing stomach
trouble was relieved with ONE
dose. Adler-Like removes foul mat-
ter from BOTH upper and lower
bowel which may have been poison-
ing stomach for months. EXCEL-
LENT for gas on the stomach or
sour stomach. Guards against ap-
pendicitis. Brings out matter you
never thought was in your system.
Rowley Drug Co.—Adv.

S. A. REALTORS PLAN
TO ATTEND BANQUET

A number of Santa Ana realtors
are expecting to attend the annual
banquet of the Long Beach board
to be held in that city Tuesday
evening, it was reported here to-
day. Henry Barbour recently was
elected president of the Long
Beach board for the fifth time.

NEAR SUFFOCATED

SACRAMENTO, Jan. 25.—George
Hager of Los Angeles, sergeant-at-
arms in the assembly, near suf-
focated in his room here this
morning. He had left an oil stove
burning.

Dr. Carolyn Dryer, 956-W, suc-
cessor to Dr. Magill.Reduce Those Danger-
ous Swollen Veins

Physicians are prescribing and hos-
pitals are using a new and harmless,
yet very powerful germicide that not
only causes enlarged or varicose veins
and "bunches to become normal, but
also reduces goitre, enlarged glands
and wens.

Ask any first class druggist for an
original two-ounce bottle of Moore's
Emerald Oil (full strength) and refuse
to accept anything in its place. It is
such a highly concentrated prepara-
tion that two ounces lasts a long
time and furthermore if this wonder-
ful discovery does not produce the re-
sults anticipated, you can have the
price refunded.

It is not wise for anyone to allow
swollen veins to keep on enlarging.
Often they burst and cause weeks of
pain, suffering and loss of employ-
ment. Start the Emerald Oil Treat-
ment at directions advise and im-
provement will begin at once. Your
druggist can supply you.—adv.

Noted Lecturer
To Appear Before
Ebell Society Members

Ebell members are congratulat-
ing themselves upon the fact that
they are to hear William Rainey
Bennet as the next number of the
series of monthly entertainment
features which are arranged for
by the committee named for that
purpose.

In bringing Mr. Bennett to the
city, the committee felt that a
particularly wise choice was being
made, as he is one of the best
known men on the lecture platform
today. Listed in "Who's Who," it
has been stated that his name is
there among America's other fam-
ous men, because he has not only
given the world much of value in
his lectures but he has made mat-
terially added to the advancement
through his platform work.

Several different lecture subjects
were considered by the committee
and choice finally centered on "The
Man Who Can," which Mr. Bennett
will present at the Temple theater
Monday afternoon, January 29, fol-
lowing the business session at 2:30
o'clock.

"The Man Who Can" is said to
bristle with inspiring "facts, fun
and fancy" and is cited as one of
his optimistic, forceful and
red-blooded talks possible to pro-
duce. That particular lecture was
one which Judge Ben B. Lindsay,
Denver's "big little man," declared
held passages which in descriptive
powers, equalled the best that Lew
Wallace ever wrote.

Said to be of an unusually mag-
netic personality, Mr. Bennett
brings a fine background of col-
lege training to his chosen work
and in every point of ability, force-
fulness, appearance and personality
is said to be one of the outstand-
ing figures on the lecture plat-
form.

Wee Girl's Arrival
Greeted by Friends

Interested friends in this city
have been writing and wiring their
congratulations to Mr. and Mrs.
J. W. Templeton to Mr. and Mrs.
the announcement of the birth to
them on Sunday, January 21, of a
little daughter.

Mrs. Templeton as Miss Lorraine
Roberts was very popular among
her scores of friends in Santa Ana.
Her mother, Mrs. E. R. Roberts,
has returned to her home at the
Meyer apartments after a short
visit with her son-in-law and daughter
and little new grand-daughter.

Light Bearers

An afternoon of stories of mis-
sion fields in far-away China will
greet the members of the Little
Light-Bearers of the First Presby-
terian church Saturday afternoon,
when they gather at the church
between the hours of 1:45 and
2:45.

Mrs. J. L. Whiting, who for forty
years was in the mission field in
China, will tell the stories which
will be followed by games and re-
freshments.

ARIZ. BANDIT GANG
LOOTS FREIGHT CAR

(By United Press Leased Wire)
LOS ANGELES, Jan. 25.—Masked
bandits last night stopped and
looted a freight train near Dome,
Ariz., according to dispatches from
Yuma. It was at first reported that
the train held up was the Golden
State Limited, but later reports
showed that the limited was speed-
ing eastward without having been
flagged or stopped.

The bandits are said to have
held up the crew, detached one
car and looted it of its contents,
the nature of which were not
specified in reports.

A heavily armed posse, under
Sheriff Chappell, has left Yuma in
pursuit.

FARRAR'S MOTHER DIES

NEW YORK, Jan. 25.—Geraldine Farrar's mother died here
today. Mrs. Sydney Farrar suc-
cumbed to pneumonia. The opera
singer, who is on a concert tour
in Canada, was notified by wire
and is coming here at once. Miss
Farrar's divorce suit against Lou
Tellegen was started today with
submission of depositions to Ref-
eree Thomas H. Mahony.

Vases, just the right ones, all
sizes and colors. Teakwood stands,
nut bowls, sconces. Come and see
the pretty things. Goff Gift & Art
Shop, 315 W. 4th.Kidney and Bladder
Troubles HAVE TO GO

Clogged up Kidney Deposits are Dis-
solved by the Toxins (Poisons)
Completely Driven Out. Druggists
Told to Guarantee It in Every In-
stance.

"Your very life," says Dr. Carey,
"depends upon the perfect function-
ing and health of your kidneys so
whatever you do not neglect them."

Dr. Carey's famous Prescription No.
777 (known for years as Marshroot) is
not a cure for everything, but
we cannot too strongly urge its use
if you suffer from annoying bladder
troubles, frequent passing of water
night and day, with smarting or ir-
ritation, brick dust sediment or high-
ly colored urine, bloating, irritability
with loss of flesh, or any other ten-
dency to Bright's Disease, Diabetes
or Gravel, for kidney disease in its
worst form may be stealing upon you.

Don't wait until tomorrow to be-
gin the use of this wonderful pre-
scription that two ounces lasts a long
time and furthermore if this wonder-
ful discovery does not produce the re-
sults anticipated, you can have the
price refunded.

It is not wise for anyone to allow
swollen veins to keep on enlarging.
Often they burst and cause weeks of
pain, suffering and loss of employ-
ment. Start the Emerald Oil Treat-
ment at directions advise and im-
provement will begin at once. Your
druggist can supply you.—adv.

BEACH LAND STRIP IS
COURT CASE CENTER

A strip of land in Seal Beach
was under dispute today as the
Ord Land company had filed a suit
in superior court here against the
city of Seal Beach, to quiet title.

According to the plaintiff, the
land, which measures 20 feet in
width, has been claimed, in part,
by the city. Attorneys W. R.
Bacon and Roland Thompson rep-
resent the plaintiff. Attorney
Charles Swanner is city attorney
for Seal Beach.

ALLEGED RECKLESS
DRIVER FINED \$100

H. M. Mayne, arrested as a re-
sult of his alleged erratic driving
near the county hospital Tuesday
night, was free today, after paying
a fine of \$100 imposed by Justice
J. B. Cox, before whom he pleaded
guilty to reckless driving.

Mayne was driving a roadster
for a Los Angeles tire agency. In
some manner, he plowed it into
the rear of a trailer, authorities
declared, smashing the touring
car almost beyond repair.

Motorcycle Officer Frank Ste-
wart arrested him.

FINANCIAL COMMENT

Short Talks on Current Events
of Interest to Investors
By James Wilbur

Flush production from new
oil fields in California, which
increased the output from
114,000,000 barrels in 1921 to a
present flow at the rate of
175,000,000 a year, has attracted
the attention of the world to
the wealth of this state.
The immense gain in produc-
tion is due almost entirely to
the rapid and intensive devel-
opment of the Signal Hill and
Santa Fe Springs fields. Hunt-
ington Beach, as a result of
deep drilling, has also come
to the front as a big producer,
following the disappointments
of last year.
Daily production of the oil
fields is now about 480,000 bar-
rels, of which more than 100,
000 barrels is credited to the
Long Beach district. This
compares with a daily produc-
tion of 315,000 barrels at the
beginning of 1922.
This great increase in Cali-
fornia production, coming as it
did at a time when the output
of Mexican fields had fallen
far below their expected stan-
dards, has proved a life-saver
to Eastern refiners, who have
been able to draw upon Cali-
fornia oil fields to supply the
shortages caused by the failure
of Mexican wells. As a result,
there are now regular ship-
ments of crude and fuel oils
from the Pacific coast to East-
ern points via the Panama
canal, a trade which in Octo-
ber amounted to 30,000 barrels
daily, but which is expected to
increase to large proportions
during the present year.

The federal trade commis-
sion has started proceedings in
Minneapolis against the U. S.
Roofing & Paint Company, to
force the company to discon-
tinue the use of the letters
"U. S." as part of its corpo-
rate name. The proceedings
will be watched with interest,
as it is the first step in a
campaign designed to make it
illegal for corporations to use
the letters "U. S." or the
words "United States" in their
corporate names.
The contention of the trade
commission is that the use of
these words or letters gives
the companies an unfair ad-
vantage over others which do
not have the use of these let-
ters in their names or use
them in marketing their goods.

SUPPLY OF CELERY IS SHORT IN S. F.

(By United Press Leased Wire)
SAN FRANCISCO, Jan. 25.—The
celery market is displaying a firmer
tone as supplies at producing
points become more limited. Cel-
ery prices range from \$3 to \$5 per
crate, an advance of 50 cents to \$1
per crate.
The potato market is quiet with
stocks showing some accumulation.
Most sales of Hood river potatoes
are made at prices ranging from
75 to 85 cents cwt, as only a few
as high as 90 cents. The market
on Idaho russets is easier and
quotations range from \$1.20 to
\$1.35 per cwt. Washington gems
are generally selling from \$1.15 to
\$1.25 per cwt.
Supplies of peas were much
heavier today and 15 cents a pound
seemed to be the extreme top on
them. String beans were in very
limited supply.
Green onions are moving slowly
and selling from \$1.50 to \$1.75 per
box. Receipts of brussels sprouts
are lighter and prices ranging from
7 to 9 cents per pound.
Bell peppers are dull and prices
about one cent lower.
Supplies light: Pineapples, pears,
cabbage, beans, summer squash, rhu-
barb, cucumbers, tomatoes.
Supplies liberal: Bananas, apples,
oranges, grapefruit, lemons, potatoes,
celery, onions, spinach, lettuce, peas,
egg plant, cauliflower, bell peppers.

WALL ST. JOURNAL FINANCIAL REVIEW

NEW YORK, Jan. 25.—After an
extremely dull morning, in the
course of which several ordinarily
active industrials failed to appear
on the tape, the stock market was
spurred by a sudden uprush in the
Consolidated Gas issues on the
strength of establishment of a \$5
dividend rate on the new stock.
This demonstration, which was
accompanied by an extraordinary
volume of dealings, stimulated the
entire industrial list in the early
afternoon. Substantial gains over
early lows were scored by the
most speculative leaders, such as
Corn Products, Studebaker and
Baldwin.
The market closed higher.
Closing prices:
U. S. Steel 106 1-4, up 1-2; Bethle-
hem 42 7-8, up 5-8; Baldwin 133
1-2, up 1; Pan American 88 1-8, up
1 5-8; Texas Company 48 1-4, up 3-8;
California Petroleum 76 1-2, up 2 1-4;
Studebaker 115 1-8, up 1 1-8; Rubber
60 1-4, up 5-8; Consolidated Gas, new,
68 1-2, up 6; Anaconda 48, up 1-4;
Southern Pacific 90, up 1-8; Reading
78 3-4, up 1-4; Great Western pre-
ferred 11, up 1-8; Southern Railway
30 2-5, up 1-2; St. Paul 23, C. and
N. W. 78.

ling \$4.65 1-2; francs, .0648; lire, .0453-
1-2; marks, .0048 1-2 cents.

START DRILLING ON ONE NEW OIL WELL IN COUNTY IN WEEK

According to the weekly re-
port of the California state
mining bureau, department of
petroleum and gas, only one
new well was started in Or-
ange county during the past
week. This well is being put
down by the Union Oil com-
pany on the Copeland lease at
Huntington Beach.

Tests for water shut-offs
were made on six Orange
county wells, all at Hunt-
ington Beach. Two of these tests
were made on Union Oil com-
pany wells. Other tests were
by the Auburn Oil company,
Standard Oil, Miley-Keck Oil
company and Merchants' Oil
syndicate.

The report also shows that
the Union Oil company, Stan-
dard Oil and Amalgamated
Oil company have started work
looking toward the deepening
of wells in the Huntington
Beach field.
One abandonment was also
reported in the Huntington
Beach field during the past
week. This was the Standard
Oil well on the Torrance lease.

Citrus Market

NEW YORK, Jan. 25.—Twelve
cars oranges and two cars lemons
sold today.

Oranges firm, no material change
in prices. Averages ranged from
\$3.02 to \$5.27. Highest price paid
for twenty-two boxes Mount Whit-
ney, \$6.40.
Lemon market 25 cents lower.
Averages ranged from \$3.66 to
\$5.34.

Weather fair; 8 a. m. tempera-
ture 36.
No Orange county oranges sold
yesterday on eastern citrus mar-
kets.

THE CALIFORNIA NATIONAL BANK

OF SANTA ANA

STRONG CAREFUL CONSERVATIVE

THE HOME MUTUAL BUILDING AND LOAN ASSOCIATION

of Santa Ana

—Takes Young People by the Hand and Leads Them to
Independence, Prosperity and Happiness.

If You Have a Child— READ THIS—

—Eleven years ago a baby boy
was born in Santa Ana. His
grandfather gave him a dollar
as a birthday gift. The boy's
father brought it to us and
turned it in as a share of in-
stallment stock. Each month
thereafter the father brought
in one dollar—just ONE DOL-
LAR A MONTH. Nobody ever
missed the dollar. But each
month we added 7 per cent
compounded interest to what
the boy had.

—Last month we handed the
boy TWO HUNDRED DOL-
LARS. He immediately told
us to invest the \$200 for him.
The \$100 monthly payments
are still continued. When he
has finished the schooling he
can receive in Santa Ana, we
will hand him enough money
to PAY HIS WAY THROUGH
COLLEGE!
—Five dollars a month, de-
posited here in the same way
would have made him enough
to SET HIM UP IN BUSINESS.
—Besides having a start in life,
this boy has absorbed a lesson
in business thrift that will be
retained permanently and as-
sure his financial success in
life.

—WHEN YOUR CHILD IS
READY FOR COLLEGE WILL
HE HAVE EITHER THE
READY MONEY OR THE HAB-
BIT OF SYSTEMATIC SAV-
ING? YOU ARE THE ONLY
ONE WHO CAN ANSWER
THE QUESTION.

The Only Reason Why You Are Not a Member of This Organization, Is That You Do Not Realize What It Can DO FOR YOU!

The man who systematically saves a certain sum of money each
month, need have no fear of the future. Absolutely nothing can
prevent a systematic saver from prospering.

We want you to start doing that very thing right now. We
want to help you do it. We'll pay you 7 per cent compounded
interest on such savings. And, after you have gotten started well
with your regular monthly deposits, we will help you buy a home;
help you build a home; help you start in business; help you with
any undertaking that is based on sound business principles.

If you are ever going to get ahead in the world it is time to
start now—THIS VERY WEEK! Hundreds of Orange County
people are taking advantage of this fine system. Ask your
friends about it. Better still—drop in here and get our booklet
explaining all about our Monthly Installment Stock. IT'S FREE.

Our Aim Is

"1,000 New Members For 1923"

Securities WITH ABSOLUTE SAFETY

SAFETY—that is the feature uppermost in the mind of the
conservative investor. It should be the feature upper-
most in the mind of all people having idle money. Yet
those seeking safety should not be so hidebound as to pass by
that class of securities from which substantial profits have
been made. If financiers placed their money only in govern-
ment bonds, they never would have accumulated anything be-
yond their savings.

THE FEDERAL DISCOUNT CORPORATION

has its primary purpose, the discounting of first class
furniture commercial paper. The furniture industry is one
of the biggest in the country. The majority of furniture is
purchased on the partial payment plan. Therefore the neces-
sity of a company such as this. There are five safeguards—
five reasons, why this stock is absolutely safe for the investor.

We will be glad to show you the reasons. Send for your
information today.

CHICKEN ROUP

Colds, or derangements of the digestive tract are generally easy to clear up with CHOLERINE, GERMOZONE, or CONKEY'S ROUP CURE, fed in the drinking water. These troubles cause serious losses annually in our poultry flocks; and can really be prevented to a great extent through correct sanitary housing and scientific feeding. If your flocks are affected with colds, call us up.

Wonderful Results From Our Cleaning Process

The business of removing stains, spots and dirt from fabrics is almost a science. The different fabrics require varied treatment. Spots must be analyzed, so that their removal is complete, without injury to the cloth. The best methods of dry cleaning are used here, and our work is in charge of men of experience. Let us call for your wardrobe regularly, and keep it looking at its best at all times.

ASK STATE AID ON WATERSHED SYSTEM WORK

Both Governor Friend W. Richardson and the state board of control are impressed with the necessity and advisability of state cooperation in the care and extension of the fire protective system on the watershed of the Santa Ana river and tributaries, Francis Cuttle, chairman of the Tri-County Reforestation committee, stated upon his return to Riverside from Sacramento, where he went in the interest of procuring such state aid, it was learned here today.

While neither the board of control nor the Governor promised any support, the matter was favorably received by both, it was said. Assemblyman Chester M. Kline, chairman of the ways and means committee of the assembly, will introduce a bill providing for this cooperation. Senators Edden and Swing and Assemblymen Kline, Jones, Ball and Pendergast all lent their hearty support in presenting the matter to the governor and the board of control, it was stated.

"People receiving their water from this watershed may rest assured that their representatives in the present legislature are keenly alive to their needs in this matter and that nothing will be left undone to procure necessary cooperation," Cuttle was quoted as saying.

D. W. MCDANNALD IS VISITOR HERE

Full of the same enthusiasm for the Napa valley, in the northern part of the state, that characterized his booster activities for Orange county for twenty-five years prior to one year ago, D. W. McDannald, for twelve years representative of Orange county in the Los Angeles chamber of commerce, was in Santa Ana today renewing the acquaintance of old friends.

He and Mrs. McDannald are visiting their daughters, Mrs. Joseph and Mrs. William Gwynn, of Delhi. McDannald will return to St. Helena shortly, whereas Mrs. McDannald will remain here two or three months.

McDannald and his son, J. S. McDannald, own a twenty-four acre Prune orchard at St. Helena from which they last season reaped a big and profitable harvest.

"I knew Santa Ana and Orange county were moving ahead rapidly but I must say that I find the growth and development in the year I have been away have been far beyond my anticipation," said McDannald, who is now secretary of the St. Helena Chamber of Commerce.

TEACHING STAFFS UNDERGO CHANGE

When the new semester begins in the high and junior high schools here next Tuesday morning, following a one-day vacation Monday for these two branches, five new faces will be seen in the teaching staff, it became known today, following a meeting of the board of education yesterday afternoon, when the resignation of three persons, H. M. Alleman, manual arts; William Samis, attendance officer and assistant athletic director, and Miss Dorothy Mead, commercial instructor at junior high school, were accepted.

LeRoy Warren, formerly connected with the local high school and now farming near Orange, will succeed Samis; Arthur R. Oliver, a former instructor here, will relieve Alleman, who is resigning to become identified with an investment brokerage firm of this city, and Miss Anna German will assume charge of the commercial department of the junior high school as successor to Miss Mead, who is soon to become a bride.

Miss Wilhelmina Dennis, Tustin, will become an additional member of the junior high school staff and will teach English and history. The staff of the high school will also be increased, with Miss Teresa M. Cornelius teaching biology.

Frank L. Andrews, secretary, announced that Hill and Son had been awarded the contract for supplying and installing sprinkling systems at Washington, Lowell and John Muir grammar schools. The contract price is \$988. The Collins Nursery company was awarded the contract for supplying shrubbery and for planting lawns at the three schools.

BOND ELECTION AT TUSTIN INTERESTS

Residents of the Tustin grammar school district today were preparing to go to the polls Saturday to cast ballots on the proposed issuance of bonds for \$45,000 to provide additional facilities for the schools.

The election is regarded as important to the community, from the fact that the schools are crowded and that indications point to a still heavier enrollment next term. Enlargement of the grounds by the purchase of eight lots north of the present school is provided for under the proposed issue.

CHINESE BALK OVER APPOINTMENT OF SZE

PEKING, China, Jan. 25.—Parliament today refused to ratify the appointment of Alfred Sze, Chinese diplomat, well known in the United States and Europe as foreign minister.

DEATH BLOW OF 3 YEARS AGO TOLD COURT

Charged with dealing the blow that resulted in the death, three years ago, in a Brea billiard room, of Malcolm Arrian, C. G. Triplet, arrested a month ago, when he returned to Orange county, was undergoing a preliminary hearing before Justice J. B. Cox today on manslaughter charges.

Arrian was proprietor of the billiard hall, according to the testimony. Triplet was playing billiards, when he became engaged in an altercation with the proprietor. Arrian attempted to eject Triplet, witnesses said, when the latter struck him over the head with the billiard cue. The blow resulted in Arrian's death.

Triplet left the country before a brother of the dead man had secured a warrant. He was not located until a few weeks ago when he returned to Fullerton. He was arrested, and arraigned on the manslaughter charges.

Attorney A. E. Koepsel, defending Triplet, gave indications of a stubborn battle for his client, when he cross-examined every witness at length.

TO TELL GRAFT TOLL EXACTED IN AMERICA

Graft and inefficiency exact a tremendous toll from the taxpayers of the United States, according to Frank S. Regan, former member of the Illinois legislature, who, as a member of the Flying Squadron Foundation, is scheduled to appear at the First Christian church here tomorrow at 2:30 p. m.

Regan, noted tax expert and cartoonist, has been described as a "whirlwind of facts and entertainment." Accompanied by other members of the Flying Squadron, including James H. Woertendyke, Oliver W. Stewart, Fred W. Corbett and the Rev. Norma C. Brown, Regan has been touring the country delivering heavy blows against the "illegal liquor traffic. Meetings will be held here tomorrow, Saturday and Sunday. Addresses will be given at 2:30 and at 7:30 p. m.

In the days of the saloon, according to Regan, the liquor traffic held its ground because it claimed it could show that the traffic in spirits paid the bulk of the taxes. It was made to appear that the public schools would suffer if prohibition should prevail.

"There never was any ground for this argument," Regan has declared in the course of his addresses. "The schools are not only getting along now without taxes from the liquor traffic, but they could have managed to exist when the saloons were running wide open."

Tells Tax Views
The ordinary city, according to Regan, should be able to get along on one percent of taxation. He declared, and claims to prove, that two-thirds of the taxes raised by the usual methods might be eliminated and the government would not suffer.

"Graft and inefficiency," Regan is quoted as saying, "exact a tremendous toll from the taxpayers. Taxes are high, not because there is a demand for them, but because the burden is not properly distributed. Tax-dodging always has been, and is now one of the big problems. Until something is done to force the great corporations and the very wealthy to bear their full share of the taxes, there will not be much relief."

SUGAR FIRM PLANS DRAINAGE PROGRAM

Eight hundred acres of the Alamos Sugar company property will be drained by the method of tile installation recommended by W. W. Weir, drainage expert of the Agricultural Extension service, officials declared today, according to H. E. Wahlberg, farm advisor, today.

Weir and Wahlberg yesterday visited the properties, where they have been conducting experiments on a ten-acre plot. Successful results obtained in the experimental area have convinced the sugar company officials of the value of the system.

"Much work of this nature also has been accomplished at San Juan Capistrano," Wahlberg said. "Some of the most perfect examples of the drainage system have been installed on ranches in that district. All this work is part of a drainage project covering many sections of the county, including Newhope, Garden Grove and Cypress.

"The aim is to reduce the height of the water table, which in many places is within three feet of the surface of soil and prevents proper cultivation and successful growth of crops or other plantings. By virtue of the recommended drainage the water table has been forced to six or seven feet below the ground."

VETS AWED AS THEY FACE WEIRD COURT

Seventeen World War veterans here today trembled in their boots. They were wondering what treatment they would have to undergo at the hands of their buddies to-night at the American Legion home when they face the awe-inspiring mysteries of the Imperial Court of Sin Sin, whose mighty members will put them through the mill and make them full-fledged members of Santa Ana Post No. 131.

The Imperial Court, comprising the initiatory machinery of the post, was recently instituted here. It is said to be modeled after similar courts operative in a number of Eastern Legion posts. The modus operandi is, of course, veiled in deepest mystery.

Lord High Executioner Bolte, as his title implies, is the grand mogul of the court. Included among his assistants are Eugene Douglas, Lawrence Eaton and E. E. Beal.

Those who will be put through their paces tonight include:

Almar Erickson, James R. Wilson, Lloyd H. Cramer, Ivis E.

McCorkle, Walter G. Merker, Calvin R. Baker, Harold W. Smith, Walter F. Sorenson, Mathias A. Mather, Carl McKinley May, L. E. Tibbs, Ronald R. Cason, James A. S. Wilson, George P. Welsh, Howard W. Jones, Scott W. Graves and G. T. Harover.

The meeting will open at 8 o'clock. The Rev. W. L. H. Benton will deliver an address. A business meeting will precede the initiation.

COMMISSION FORM URGED
CARSON CITY, Jan. 25.—The commission form of state government, patterned after the commissioned form of government used in cities, is proposed for the state of Nevada, under a bill introduced in the state senate here today.

Another measure, providing a tax of two cents per gallon on gasoline, was also introduced.

ELECT LEADERS OF PLAYERS' BODY HERE

With a new staff of officers and a newly elected board of governors, the Santa Ana Community Players association was today embarking upon its third season with every indication that continued success would crown its endeavors.

The officers, elected at a business meeting held last night at the high school auditorium here, included M. Burr Wellington, president; Burr Shafer, vice-president; Alex Brownridge, treasurer; Hazel Landers Hummel, secretary; Ernest Crozier Phillips, director, and a board of governors composed of Fred Rafferty, Mrs. T. E. Stephenson, H. G. Nelson, Miss Verna Peterson, Leon Eckles and Stanley Reed.

In submitting the ticket containing the list of nominees, the nominating committee added a second list which had been suggested in order that the members might have the opportunity of making a choice. Members of the nominating committee were: Arthur Col-

lins, Mrs. Grace Zaiser and R. R. Miller.

Present One-Act Plays.

Following the business session, the entertainment features of the evening were presented by the Fullerton and Anaheim community players, each presenting clever one-act plays.

Fullerton players opened the program with a presentation of "The Florist Shop" in which the characters and their interpreters were "Maud," Mrs. Hubert Sullivan; "Henry," James Hawkins; "Slorsky," J. G. Suepelt; "Miss Wells," Mrs. Harry Lewis; "Jackson," Philip Goodell.

The little play was presented in an exceedingly clever manner, rendered all the more creditable by the fact that the organization is of comparatively recent date.

To add to the reality, were quantities of cut flowers, giving a true touch of atmosphere and made possible by the courtesy of Morris, the florist.

Enact Unusual Story.

The second playlet was "Brains Versus Two Crooks," an unusual little story enacted most tellingly by the following cast of Anaheim players: Mrs. C. E. Chamberlain, a helpless paralytic, the "Brains" of the little melodrama; Mrs. Arthur Cohen and C. W. Chamberlain the "two crooks," Mrs. Charles Fisher as "Miss Jones," Courtney Clark as the inspector and George Littlefield as the officer.

Of added interest was the fact that two of the principal roles—"Brains" and one of the two crooks—were enacted by mother and son, Mrs. Chamberlain and C. W. Cham-

berlain. Mrs. T. L. De Cow is director of the Anaheim Community players.

All furniture for the two productions was loaned by the Spurgeon Furniture company, and in each case the stage settings were appropriate and pleasing.

Players Congratulated.

At the conclusion of the plays, the two groups of actors were surrounded by Santa Ana Community players to the number of about 300 who congratulated them upon their achievement in successfully presenting their plays before a strange audience, on a strange stage and amid strange settings.

The community idea so successfully illustrated in the evening, will be further illustrated by similar offerings in the future, if present plans are put into effect. Two more one-act plays are being prepared, "The Slave With Two Faces" by the Laguna players and Stanley Reder's "Too Much About Paris," by the Santa Ana players.

Arrangements for local entertaining features are in the hands of an entertaining committee of three members, Miss Hazel Bemus, Stanley Reed and Burr Shafer.

TO BAR ARMENIANS

WASHINGTON, Jan. 25.—The house immigration committee rejected proposals, under which Armenian refugees, who have relatives in this country, would be admitted as immigrants despite the three per cent restriction law.

REDISTRICTING FIGHT GAINS BELIEF

With a telegraphic bombardment under way, urging the legislature equitably to re-apportion the state according to the last federal census, Republicans of Orange county and other Southern California counties who attended a meeting in Los Angeles yesterday at which the bombardment was decided upon, today were confident of victory in their fight to procure for the southern part of the state that legislative representation to which they believe it to be entitled.

Present at the meeting, which was held at the Hotel Clark, were county central committeemen from virtually all of the Southern California counties. Resolutions, urging the present legislature to attempt legislation to give the Southland what was called just representation, were passed and signed by the chairmen of Orange, Los Angeles, Ventura, Santa Barbara, Inyo and Los Angeles. William F. Menton, of Orange county, headed the list of signers. Other counties were represented, but committee chairmen were not present to sign the resolutions.

County Men Join Fight.

Present from Orange county besides Menton were W. C. Jerome, county auditor; C. F. Newton, Justice F. Craemer, Leon Whittell, Orange, and T. B. Talbert, Huntington Beach, chairman of Orange county board of supervisors.

In discussing re-apportionment, Menton declared it was the duty of the legislature to carry out the constitutional provisions that provided for reapportionment, following a federal census. It was also the duty of the people of the state, he said, to support the legislature in the carrying out of those provisions.

"We have had sufficient experience with San Francisco to know that for reasons of local loyalty or otherwise it will fight us and die fighting," said Menton. "There is always a feeling in the small communities that the large communities are trying to take something away from them, but in this case Los Angeles is not trying to take anything away from anybody in Southern California, only from San Francisco, and that only because of a right to it. We feel in Orange county that we should have a senatorial district separate from Riverside and Imperial. We now have more than 60,000 population. But we are no dog in the manger, and we want to see fair play."

Talbert Urges Death Fight.

Talbert said that "if we can't get our rights in a normal way we must carry our fight to the limit and demand all that is coming to us."

It was pointed out that if re-apportionment were made, Orange county would become a senatorial district, Orange, Riverside and Imperial counties now comprise the district, and it is represented by Walter Eiden, of this city. Los Angeles is entitled to ten senators instead of eight and twenty-one assemblymen instead of fifteen.

"There is a feeling of antagonism toward us up in San Francisco," said Mayor Cryer, of Los Angeles. "Such antagonism is not returned by us. I am as proud of San Francisco as of any city in the state."

Telegrams commending Friend W. Richardson, governor, for his firm stand for re-apportionment were forwarded by the Los Angeles Chamber of Commerce, Merchants and Manufacturers' association, City club and Real Estate board.

The spirit of the meeting was that all sections of Southern California should join in attempts to force action by the legislature.

Guy Bates Post and Virginia Brown Faire in a scene from "Omar, the Tentmaker," picture which begins a three-day engagement at the Yost theater tonight.

TONIGHT'S ATTRACTIONS

YOST—Vaudeville and "Omar, the Tentmaker," with Guy Bates Post.

WEST END—"Singed Wings," with Conrad Nagel and Bebe Daniels.

TEMPLE—"Human Hearts," with House Peters.

PRINCESS—"Ridin' Wild" with "Hoot" Gibson.

20 YEARS IN MAKING "OMAR, THE TENTMAKER"

Twenty years to make a play! That was the length of time that elapsed between the conception of "Omar, the Tentmaker," in which Guy Bates Post is starred, and its appearance on the screen. The picture opens a three day engagement at the Yost theater here tonight.

Just two decades ago Richard Walton Tully, since become one of the foremost of the country's theatrical producers, decided that the romantic career of Omar Khayyam should be immortalized in drama. Several years were consumed in reading the large number of quatrains written by this famous Persian, and the books about him.

Then Tully traveled in Persia, where he devoted a considerable period to studying the country where Omar was born.

Returning to the United States he began actual work on the play. Writing and rewriting, correcting and revising, it was four years before the play was completed. Then he produced it himself, and Post played in it four years straight.

GIBSON IN COWARD ROLE AT PRINCESS.

Edward (Hoot) Gibson comes to the screen of the Princess theater tonight in a Universal play in which the role he plays is taken from a familiar side of life. He plays the part of a coward.

Presenting people on the screen as they really are is a perilous pleasure that few motion picture producers indulge in, but in this case a story by Roy Myers pictures human faults and virtues so sympathetically that Universal feels quite safe in doing it, especially with the inimitable Gibson in the featured characterization.

Gibson portrays the role of a coward, but it is the kind of a coward who is made such by the influence of an adorable mother.

CONSTRUCT SPECIAL STUDIO FOR "SINGED WINGS"

A short, winding cobblestone street, along the sides of which rise squalid, bleached buildings, here a tenement and there a greasy, evil-smelling restaurant, make the waterfront scenes along the San Francisco beachline an unusual and picturesque setting for "Singed Wings" Penrhyn Stanlaw's production featuring Bebe Daniels and Conrad Nagel, which is the present attraction at the West End theater.

An entire district of the North California city was copied stone for stone and brick for brick at the West Coast Paramount studios for scenes in "Singed Wings." Although the company traveled to San Francisco to take certain scenes in which San Francisco Bay served for a background, it was necessary to build a replica of the San Francisco waterfront inside the studio.

A squad of sixty decorators, masons, plasterers, painters, carpenters and other technical employees of the Paramount studios erected the set. Crooked, dirty streets, made more ugly by tin cans, papers and rubbish, rewarded the diligence of the workers. Moss, springing from the crevices of the building and spreading along the sides and roofs, added the touch of age. Paint was stripped from a weatherbeaten shack which leaned perilously over the water.

"HUMAN HEARTS" IS ONE OF REALLY BIG FILMS

"Human Hearts," the Universal-Jewel special attraction, which opened an engagement at the Temple theater yesterday, is fully entitled to be termed "one of the really great pictures of the year." It is a story of mother love, a story of life in the average American family.

"Human Hearts" will catch the human hearts in any audience, and perchance put over a needed moral to the inhuman. It is of absorbing interest and moves along at a rapid rate. The piece while intensely dramatic has had light touches interpolated at just the right moment to nip a tear with a smile.

House Peters in the stellar role of Tom Logan brings to the part a sympathetic understanding that makes his characterization a real masterpiece and a personal triumph.

The supporting cast is of exceptional merit, including as it does such sterling actors as Edith Hallor, Russell Simpson, Gertrude Claire, George Hackathorne, George W. West, Lucretia Harris, Ramsey Wallace, Mary Philbin, H. S. Karr and Snitz Edwards.

Movie Chatterbox

Stan Laurel, who appeared in "Mud and Sand," is to do another burlesque called "When Knighthood Was in Flour."

None of the players use make-up in "Tansy," said to be the first film in which this experiment has been tried.

J. Herbert Frank has been cast for a part in "Your Friend and Mine." He recently completed a part in support of Mae Murray in "Jazzmania."

Dorothy Giraci, leading lady in "The Sign of the Rose," will appear in Maurice Tourneur's "The Isle of Dead Ships."

"Tess of the Storm Country" is playing in 84 New York theaters.

Forty chorus girls will support Fatty Karr in his next comedy, "Long Skirts." Why chorus girls in a comedy by that title?

Brownie, the dog star, is featured in "Detective K-Nine."

Claude Gillingwater has been cast for "Jewel," which Lois Weber will direct.

"Alice Adams," starring Florence Vidor, has been completed.

HEARING DATE IS SET IN AID FAILURE CASE

Preliminary hearing of D. V. Dillenbeck, arrested thl smorning on a warrant charging failure to stop and render aid after an accident, was set for February 16, by Justice J. B. Cox, before whom he was later arraigned.

The complaint was brought by Jose Gonzales, who was struck by Dillenbeck's automobile yesterday near Fourth and Artesia streets.

BEACH FIRM \$1000 LOSER IN ROBBERY

Loot valued at nearly \$1,000, consisting of cash or negotiable securities, was removed last night from the office of the Oil Well Supply company, near the sugar factory at Huntington Beach, according to authorities there.

Entrance was gained through a window at the rear. Employees this morning, in taking inventory, found that \$100 in cash, \$250 in Liberty bonds, and \$600 in war savings stamps were missing.

The Liberty bonds were the property of George Withering, while the saving stamps were drawn on the post office at Taft, according to City Marshal Jack Tinsley of Huntington Beach, who investigated. The matter was also reported to the sheriff's office here.

DOCTORS ADVISE PORT WINE AND OLIVE OIL

A prominent physician in an interview today says if the public only knew the tonic value of port wine and olive oil they would quickly regain their health.

Port Olive is a combination of rich cream, olive oil and rare old port wine scientifically blended with other medicinal agents.

It quickly restores tired out, run-down systems, is especially valuable in anemic and all wasting disease, increases weight and strength.

Start today taking Port Olive, nature's food tonic, and see how quickly you improve. On sale at C. S. Kelley and all druggists. The Port Olive Co., 218 E. Broadway, Los Angeles.

PLAN BIG GROWTH OF S. A. WATER DEPARTMENT

L. A. BANKING GROUP PLANS FIVE-STORY BUILDING

Pacific Southwest Giving Consideration to Sites In Santa Ana

PROJECT DISCUSSED

Fourth and Bush Corner Is Rumored as Being Viewed for Location

The Pacific Southwest bank organization of Los Angeles plans the erection of a five-story bank building in this city, according to apparently well-founded rumors current here today.

The California National bank of this city, which, February 17, will become a branch of the Pacific Southwest, will be the home of that branch.

Officials of the California National admit that a building program is under consideration. It is declared that it is the intention of the Los Angeles institution to provide the local bank with a building that will be a credit to it and to the city in which it operates.

Plans Being Discussed
The building plan is now merely in the stage of discussion, according to a bank official. Nothing of a definite character has been worked out, it was declared. The only definite declaration at this time is that the California National, as it is still known, will have a new five-story home before the end of 1923.

The site has not been chosen. It is known that two or three properties are being given consideration.

Rumor has it that the new structure will be situated on the northwest corner of Bush and

(Continued on Page 11.)

Reactor Bares Mystery of Why He Seeks Three Ostrich Eggs

WANTED—Three ostrich eggs. Stanley E. Goode, reactor, 309 North Sycamore street. This "wanted", appearing in The Register, caused considerable comment, and like all ads in The Register put the name of the advertiser before the public. It did not, however, satisfy the curiosity of the reader as to "Why in the world does that Stanley Goode want three ostrich eggs? Surely he does not mean to start an ostrich farm?"

SEES BUSINESS EXPANSION ON WEST FOURTH

Recent developments near the end of West Fourth street presage expansion of the business section and the up-building of a commercial community in the vicinity of West Fourth and Western avenues, in the opinion of Edward Cochems, today pointed to the purchase by George Vorch, former owner of the Sanitary bakery in the Hill Market at Fourth street and Broadway, of a lot at the southeast corner of Pacific avenue and Fourth street upon which he will at once erect a two-story building. The ground floor will contain two store rooms and apartments will be located in the second story.

Plans Wholesale Bakery According to Cochems, Vorch

(Continued on Page 11.)

BIG YEAR FOR STREET WORK PROMISED

Comparative Figures Show Large Annual Gains In Paving Programs

Indicating a half-million dollar street improvement program this year, Edward Dahl, street superintendent, revealed figures today showing that Santa Ana had expended ten times as much for street work in 1922 as in 1921. This year's program should exceed last year's total by 20 per cent, he said.

This tremendous impetus in street improvements has taken place since this city changed from private contract to municipal supervision in performing the work, Dahl said.

Street improvements in 1922 reached a total valuation of \$397,980.41, the records show, whereas in 1921 the valuation recorded was \$36,193.80 for new street work performed during that year.

Anticipates Increase.
Asphalted concrete roads built here during 1922 measured 159,466 square feet, at a given cost of \$31,813.65. This year Dahl anticipates a total of 250,000 square feet of the type of road to be built at a cost of approximately \$65,000.

Reinforced concrete was used in 318,132 square feet of road work during 1922 and cost \$119,299.65, Dahl's records showed.

Concrete roads of standard 5-in. construction reached 625,113 square feet, and cost \$131,538.50, it was shown, with a total of 2,000,000 square feet, costing approximately \$400,000, planned for this year.

Two hundred thousand square feet of sidewalks were installed during 1922 at a cost of \$30,000. Roads of concrete base with asphalt surface measured 417,639 square feet, and cost \$115,268.81, according to Dahl's report.

FIRST S. A. HEIGHTS UNIT NOW SOLD OUT

Sale of the first unit of Santa Ana Heights was announced today by Byran & Bradford and William McCoy. This tract, consisting of 500 acres, was opened up five months ago.

Fifty per cent of the purchases have been by residents of Orange county. The speed with which this large tract was disposed is indicative of the growth of this county and also shows by the outside buyers that the fame of Orange county and its desirable acreage has spread outside the confines of the county.

William McCoy, who has had this property under his personal direction, gives the following resume of what has been done in Santa Ana Heights since it was opened to the public:

Four and one-half miles of streets opened; 3300 linear feet of concrete sidewalks and curbs have been completed; eleven families now living on the tract; four additional houses now under construction and contracts let for five more; five miles of water mains completed; planting of ornamental street trees under way on all streets in the tract.

More than 100 acres are now being planted to orchard with oranges, persimmons, figs, pears, avocados and apples represented. The subdividers will open another unit of 200 acres at once. This new unit comprises the finest land in the large tract, according to McCoy.

Part of the new Santa Ana Heights has already been piped for water and the rest of this work will go forward without delay. B. R. Ford has the contract for streets and curbs in Unit No. 2 and two crews are on the job making good progress.

KAYS TAKES NEW JOB WITH LOCAL LBR. CO. AS DEPARTMENT HEAD

Wallace G. Kays, for the past three years associated with his brother, W. W. Kays, in architectural designing work, today announced his connection with the Liggett Lumber company where he will be in charge of the architectural service department.

Ka's has been connected with the building industry virtually all of his life. Among the examples of his work in Santa Ana, executed while with his brother, he points out the Grand Central Market, Haley's Garage, the Hurwitz residence and the Finley building. All these buildings were personally designed and constructed under the supervision of Kays. Numerous residences here have also been designed by Kays.

Since the new service was announced by Liggett many home builders have called at the company's plan room and taken advantage of the service offered through Kays, it was said.

MODEL HOME, SHOWING PROPER FURNISHING, LURES HUNDREDS

Six room house erected at 521 West Nineteenth street by W. H. Dixon and furnished by local merchants in a co-operative effort in demonstration of proper furnishings for model home.

BRINGING HOME SEEKERS TO SANTA ANA

What influence is serving as the greatest factor in bringing home-seekers to Santa Ana?

Can climate alone, or business prosperity, or the city's spirit of modernity, as indicated by its well paved streets and other improvements, take full credit for the 879 families that came to Santa Ana last year?

Can these factors take the sole credit for the greatly increased number of families that are expected to come here to settle this year?

G. A. Schweiger, manager of St. Ann's Inn, declared today that he believed that another and rather intangible asset of Santa Ana was one of the greatest, if not the greatest, factors in increasing this city's permanent population.

First Impressions Tell.
"First impressions," he said, "influence we know, the great majority of people."

"If our introduction to a new city is pleasant and attractive, we always remember that city, no matter where our travels may take us."

"This first impression rests almost solely with a city's hotels. Ask the traveler about cities he has visited, and he will tell you of the hotels at which he stayed. You will find that his impression of a city was formed by his stay at a certain hotel. The atmosphere, service, attractiveness and general character of the hotel flavor his reminiscences of the city."

Seeking a Home City.
"This applies with greater force and with added truth in the case of the home-city seeker."

"If there is a comfortable hotel at which a man and a family can stay while investigating the advantages of a city or county, they are half sold on the community before stepping outside of the hotel lobby."

"The great majority of names in a city's directory first appeared on that city's hotel registers. St. Ann's Inn is particularly fortunate in being able pleasantly to introduce travelers and prospective home-makers to Santa Ana. Daily I am approached by guests of the Inn who declare that they never knew there was such a delightful hostelry in Orange county."

Guests Return Often.
"On many occasions guests have returned to St. Ann's Inn, after touring Southern California, frankly admitting that here they found the most comfort, the most delightful surroundings, and that their desire was to stay here always."

"From my observations I should say at least one out of every one hundred guests registering at St. Ann's Inn has become a permanent resident of Santa Ana. The value of this advertising to Santa Ana runs into the thousands of dollars."

"That St. Ann's Inn is a family hotel, is shown by the number of high-chairs constantly in use in the dining room. Here the mother and her children are at ease while the man transacts his business in town."

"Here the new family meets for the first time, and makes its judgment, of Santa Ana families."

SOUTH MAIN ST. RESIDENCE SOLD

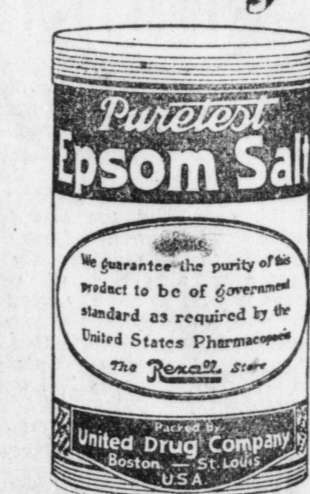

Mrs. Mildred Hackler has sold her residence at 215 South Main street to George E. Lewis, of Tustin, and has purchased a lot in the 1500 block on Bush street upon which she will erect a new residence in the near future. It is understood that Lewis has purchased the South Main street property as an investment and will rent it.

W. H. Dixon, local builder and owner of property, has introduced in Santa Ana house building the model home, as that model is interpreted by local business concerns engaged in the furnishing of homes.

It is a six-room residence, at 521 West Nineteenth street, and is open to inspection by the public. The firms co-operating were the Chandler Furniture company, the Nickey Hardware company and the Orange County Piano company.

The model home was completed recently. Its purpose is to give local residents the conception of the builder and the business houses of proper construction, furnishing and equipping of a home.

Incidentally, Dixon today declared that the pulling power of Register advertising had been fully demonstrated to him in his introduction of the model home. At

Why Puretest Drugs? Here Are Comparisons

PURETEST EPSOM SALTS—Is thrice purified by filtering through animal charcoal to remove dirt and coloring matter. Then, it is crystallized repeatedly until not a trace of chemical impurities remain. Puretest Epsom Salts come to you in long white, needle-like crystals, free from arsenic and other harmful impurities—so pure it is almost tasteless. A noted New York surgeon recently used it in intra-spinal injection because it was the purest and safest on the American market.

ORDINARY EPSOM SALTS—Is very impure, and as usually obtained, dirty and contains appreciable amounts of arsenic, calcium, barium, iron, lead and zinc. These substances do not always occur in sufficient amount to be poisonous, still, when they are present they are harmful to say the least. The very bitter taste of ordinary epsom salts is due to this mixture of impurities; the yellowish color to iron and the foreign matter to careless handling. Read adjoining column to know what epsom salts should be like.

PURETEST CASTOR OIL—Is cold pressed from selected castor beans. The seeds having been crushed and freed from integuments—particular care is taken to remove all the dark skin—are dried and expressed at a temperature not exceeding 140 degrees Fahr. The expressed oil is heated with water to remove albuminous matter. Pressed in this manner, Puretest Castor Oil is transparent and requires no further purification. Our rigid inspection precludes any possibility of adulteration. Puretest Castor Oil is practically tasteless.

ORDINARY CASTOR OIL—As you well know castor oil is obtained by expressing castor beans for the oil which they contain. But few people do know that to obtain a pure oil this pressing must be done while the bean is cold. A larger yield is always obtained, of course, if heat is applied, but the oil is not good grade, owing to the acid principle which comes away in the presence of heat. Ordinary castor oil on the market is often adulterated with cotton-seed oil, mineral oils, rape seed oil, etc.

House Pockets

The pockets of a house are its closets; in fact the house itself is the family suit of clothes.

A suit is worn by an individual and a house is worn by a whole family.

And it is just as important that the family suit or "suite" fit the requirements of the family and be made of good material, as it is to have these qualities in the individual suit.

Every woman knows exactly what sort of a house would suit her needs, all she needs to do is to have the ideas worked out into a definite picture, which she can find in our plan books. When this is done the whole matter of building a home is quite simplified for with the plan already decided on it is a simple thing to get good lumber at the

Save the cost of stationary tubs in that new home-

EVERY CENT you can save on non-essentials in that new home permits you just so much more money for necessary conveniences. You don't need stationary tubs in the basement. For the Laun-Dry-Ette has made stationary tubs unnecessary just as it has made a wringer unnecessary.

The Laun-Dry-Ette does ALL the work of washing without any extra tubs. It washes the clothes, and whirles out the suds; it rinses them and whirles out the rinse water; it blues them, and whirles them dry for the line—a whole tubful at a time.

You can do an entire washing in the Laun-Dry-Ette without putting your hands in the water. You handle damp clothes, but never wet clothes. And because it has no wringer, the Laun-Dry-Ette cannot break buttons nor smash hooks and fasteners.

WASHES AND DRIES WITHOUT A WRINGER

PLAN SETTING FOR SCHOOL'S STYLE SHOW

Draperies, artistic furniture, elaborate cushioned divans, potted palms and baskets of flowers today were being arranged in the auditorium of the Santa Ana high school to create an attractive drawingroom atmosphere for the Fashion Show to be staged by the Girls' league there tomorrow at 2:30 p. m.

Miss Isabel Anderson, faculty advisor of the girls, and director of the display at which the incoming spring styles will be exhibited by twenty-five girls of the school, declared that the affair would mark an ambitious period in fashion shows in this city.

Joy Leitch, interpretive dancer of Los Angeles, featured on the program, has designed a costume of gold color for the occasion. Carrying a jade green fan, she will dance her first number, "Pasquinade," a gentle satire on the art of flirtation. The dance was arranged by Ted Shawn.

Her second dance, a Greek lyric, will symbolize the athletic perfection and joy in living of the ancient Grecian maiden, as opposed to the usual studied poses reminiscent of Greek art.

Miss Margaret Wickes, head of the music department of the high school, will play the "accompaniment to the dances.

Ollimae Matthews, Santa Ana violinist, will present a group of her latest solos.

Constance Crookshank and Virginia Thatcher, high school girls, were putting the final touches to the "mystery stunt" to be given as part of the entertainment.

Dressed in tuxedos, eight boys of the high school jazz orchestra will furnish music throughout the afternoon.

REFUGEE NAVY SAFE AT FORMOSA REPORT

(By United Press Leased Wire)
MANILA, P. I., Jan. 25.—The seven missing ships of Admiral Stark's Russian refugee fleet from Vladivostok were accounted for today in advices reaching here.

Three of the seven vessels which failed to arrive last Saturday when their five sister ships reached Lingayen Gulf, 100 miles from here, put in at the island of Formosa. The other four were reported as having been delayed but safe and enroute here.

Governor Leonard S. Wood of the islands has agreed to an interview with Admiral Stark at which disposition of the vessels will be arranged.

It was believed probable that they would be permitted to remain here.

MOVIE STAR PLANS RETURN TO STAGE

(By United Press Leased Wire)
LOS ANGELES, Jan. 25.—Mary Miles Minter, film star, may go back on the legitimate stage, and she may marry.

She admitted both facts today. She has finished the last scenes called for under her Lasky contract which has expired. The contract over a period of several years is said to have netted her close to \$1,000,000.

Mary declared today that she has patched up all her differences with her mother who had made a thorough accounting of Mary's funds. Mary recently arrived of age and took over management of her own affairs.

She has under consideration a new contract offered by a big company, calling for the making of a large feature film, she said, although she plans to return to New York shortly and resume work on the stage.

Louis Sherwin, prominent dramatic critic, playwright and scenario writer, is the man Mary admits she favors, at least just at present.

Are You Fat?

Just Try This

Thousands of overfat people have become slim by following the advice of doctors who recommend Marmola Prescription Tablets, those harmless little fat reducers that simplify the dose of the famous Marmola Prescription. If too fat, don't wait—go now to your druggist and for one dollar, which is the price the world over, procure a case of these tablets. If preferable you can secure them direct by sending price to the Marmola Co., 4612 Woodward Ave., Detroit, Mich. They reduce steadily and easily without tiresome exercise or starvation diet and leave no unpleasant effect.—adv.

THE MODEL SIX-ROOM HOUSE "DEMONSTRATION" WAS A HUGE SUCCESS!

I take this means of thanking the 1008 visitors who attended the "opening" of my new "Six-room Model House" at 521 W. 19th Street, Saturday and Sunday afternoon. They came too thick and fast for me to thank them personally. Responding to my "open house" invitation they came in amazing numbers. Judging by the hundreds of pleased comments they valued the opportunity to get ideas on house planning, furnishing, draperies, decorating, etc., as shown in the house itself and in the furnishings provided by Chandler's, Nickey Hardware Co., and Orange County Piano Co.

Regardless of what they came for, they were each and every one CORDIALLY WELCOME AND I AGAIN THANK THEM FOR THEIR ATTENDANCE AND INTEREST DISPLAYED.

The demonstration, as such, is over and the

It's the Little Touches of Convenience That Make a Home

Complete electrical convenience is just a matter of forethought. Above all things, you want the house you live in to be homelike—comfortable and convenient.

What can contribute more to your comfort and convenience than electricity properly applied?

Have switches in every room. Be able to control the upstairs from downstairs and vice versa; to light the garage or cellar from the kitchen.

With plenty of well located convenience outlets you can place attractive lamps wherever you wish. You can use several electrical devices all at the same time, if need be; a vacuum cleaner in any part of the house, a sewing machine where the sunlight is brightest, a chafing dish in your living room or den for those "clubby" little spreads.

Ask for the Electrical "How" for Householders

WATER DEPARTMENT GROWTH IS MAPPED

(Continued From Page 9.)

aging 80,000,000 gallons a month.

"Installation of taps, now totaling 6050, has averaged 65 a month, showing the steady increase of homes and business properties in this city, with the consequent increase in population.

"The water department has been preparing to meet this year's demand for water, which is expected to reach a total far exceeding past years in percentage of gain.

Using Twelve Wells. "Twelve wells now supply the city's water, connected with pumps that draw between 4,000 to 6,000 gallons a minute, according to demand and time of year.

"The wells are situated as follows: Eight at the old West First street plant, two at Sixth and Olive street station, one at Bristol and Washington streets, and one at Pointsettia street.

"The new pump requested by this department at the last meeting of the city council would be installed at the Olive street station. It would be of the booster type, with a 1500 gallon a minute capacity.

"This will allow more leeway in shutting down certain wells, when occasion demands cleaning and repairs.

Heavy Summer Usage. "The present equipment has been sufficient in the past to permit the closing of one well, without endangering the quality of supply and demand, but with the anticipated growth of demand this summer, provision for further equipment became essential.

"The heaviest drain on the water supply comes during the early morning hours and again at evening. Particularly is this true during the summer months, when householders diligently water their gardens before going to the office and again on their return home.

"A vast amount of water is consumed in this way, as it is also for street improvements, new buildings and new homes. The major portion of these works, performed during the summer months, makes it necessary to build the water supply system to a point of carrying a tremendous peak load during the dry months."

TELL COUNTY CHARMS IN NEW BOOKLET

(Continued from Page 9.)

pective visitors here.

Many More Pictures. "This year double the number of pictures have been used in the booklet, and the reading matter has been edited to accord.

"The booklet will be distributed by the various chambers of commerce and other interested organizations.

"Individual citizens also will aid greatly in this distribution. This office will be pleased at all times to receive names of persons outside of the county who would be interested in reading about Orange county through the medium of this publication.

Urges All to Boost. "All who have friends to whom they would like copies of the book addressed would confer a favor on this department by phoning to the office of the purchasing agent, or communicating in any other way the names of those friends, that we may supply the demand and mail the book direct from this office.

"Orange county's growth in prosperity, the continued beauty of its scenery, and the diversification of its activities is pitifully told in the new Orange county booklet, with its colored cover, clear type on glossy finish book paper, contributing materially to the attractiveness of the varied pictures."

NAME BLOODGOOD ON NEW LAW COMMITTEE

Freeman H. Bloodgood, of this city, has been named by Frazier O. Reed, president of the California Real Estate association, as a member of the legislative committee of the association. The committee has in charge the presentation to the legislature of a bill that, if adopted, will effect important changes in operation of the real estate business in the state, it is said. Among the provisions of a suggested bill is one requiring that applicants for real estate licenses pass an examination as to qualifications to sell real estate and advise prospective purchasers as to land qualities.

GISLER SELLS H. B. RIVER BOTTOM LANDS

Sam Gislser, who recently sold some of his ranch holdings in river bottom lands near Huntington Beach, has bought the residence of Mrs. Oline Griggs in the 700 block on South Ross street, it became known today. Gislser is moving into the city.

Residence property at 202 East Chestnut avenue has been sold by R. L. Draper to W. J. Morris, it was announced.

A. C. Tucker has sold his residence at 827 South Main street to Mrs. Frances Hall, who, it is understood, will occupy the property.

L. A. BANKING GROUP PLANS BIG BUILDING

(Continued From Page 9.)

Fourth streets, on property belonging to the Hervey estate. Rhodes Hervey is president of the First National bank of Los Angeles, which is in the Pacific Southwest group.

Favor Another Site. The property at Fourth and Bush streets that is occupied by the Parsons drug store and The Wardrobe. Should this site be chosen, other frontage on Fourth street, immediately to the west, might be included, it was said.

The bank executives are known, however, not to favor this site. What is not now known, is whether another site, which is being favorably considered, can be required.

There was said to be foundation for the report that representatives of the bank have had conversations with Mrs. Emma L. French concerning property on the northeast corner of Fourth and Main streets occupied by the C. S. Kelley drug store, the Quality shoe store and the Santa Ana book store.

No progress was made with reference to the bank's proposed purchase of this corner, it was said.

BUSINESS EXPANSION SEEN FOR W. FOURTH

(Continued from Page 9.)

will open a bakery on the corner, installing a modern wholesale baking plant.

As an indication of the rapid increase in property values in that vicinity, it was pointed out that the lot sold two years ago for \$500 and that Vorch this week paid \$3000 for it.

On the northeast corner of the same two streets, G. H. Bunting is erecting a business structure that has been leased to T. C. Watts for a grocery store and meat market.

Opens Furniture Store. I. Rubin, who served Uncle Sam in the artillery for twenty-two years, and who came to Santa Ana recently after four years of business life in San Diego, has established a furniture store on the northwest corner of Western avenue and West Fourth. Rubin arrived in Santa Ana December 19, bought the lot the following day and started work on the business building December 22.

Cochems said that erection of a theater building on Fourth street near Western avenue is among the possibilities of the immediate future. He asserted that other business projects for the section are in prospect.

A subdivision near the west end of the street, he says, is being discussed.

ALLEN OPENS OWN REAL ESTATE OFFICE

E. P. Allen, who has been identified with real estate firms here for the past two and a half years, has opened a real estate office at 309 North Sycamore, he announced today.

Allen came here from Viborg, S. D., on a visit and after a short stay decided to establish his permanent home here. Since that time he has been instrumental in locating a number of newcomers in comfortable homes in this vicinity.

In the past year he has been joined by his mother, his brother, Joe Allen, and his sister and her husband, Mr. and Mrs. R. B. Morris. Allen said that he has other relatives he expects to induce to come here in the not distant future.

PHYSICIAN DISPOSES OF ORANGE PROPERTY

Martin & Gaines, Orange real estate brokers, report the sale of a seven-acre orange ranch for Dr. C. R. Lane, 695 North Batavia street, Orange, to J. F. Lamp, of Santa Ana. The amount involved was \$35,000. Dr. Lane received in the transaction Lamp's Santa Ana residence at 316 Chestnut avenue. It was understood that Dr. Lane, who maintains an office in Santa Ana and who practices here, will move back to this city and occupy the Chestnut avenue residence.

REPORT PROGRESS AT HUNTINGTON SQUARE

Sidewalks are being laid at Huntington Square now and good progress is being made with the residences under construction. Recent buyers here include George Braun, 834 North Garnsey; W. H. Baggs, 409 East First street, and C. E. Pond, 418 Beverly Place. They will start building in the very near future.

CHANTICLEER MANOR REPORTS MANY SALES

A. W. Stradling, sales manager of Chanticleer Manor, reports the sale of fourteen lots in his tract during the last five days. At the present rate of sales here, the entire tract will soon be disposed of. Grading and street work continue to go forward in Chanticleer.

BIG LAND DEAL AT FAIRVIEW REPORTED

(Continued From Page 9.)

\$25,000.

These two men and their brothers, Anton H. and William O., are co-operating in the purchase from Charles Borchard of 100 acres adjoining the forty, for which, reports say, they paid approximately \$25,000.

The 140 acres purchased adjoins a tract of 160 acres owned by the father, C. J. Segerstrom, and other members of the family, making a holding of 300 acres of first-class bean land in one group.

The purchased property is west of the boulevard to Fairview through Greenville and faces on the road running east and west immediately south of the turn in the highway beyond the Greenville school house.

It is declared the purchase by the brothers have been purely for investment purposes. The young men are known to be successful farmers. Their friends have declared that their operations on bean land have demonstrated that beans can be grown profitably on lands costing \$800 or more an acre. It is asserted that they have shown good profits after deducting 7 per cent interest on capital invested in lands and cost of production.

MODERN HOME HERE LURE FOR HUNDREDS

(Continued from Page 9.)

ter advertising exclusively in The Register two days prior to the formal opening of the new home. Dixon said that the response of interested persons had been beyond his expectation.

According to Dixon, 1008 persons visited the residence in the first two half days it was open to inspection. Dixon says that virtually every city in the county was represented in the attendance and a number of visitors registered from Long Beach, Whittier and other Southern California cities.

"Judging by the hundreds of complimentary remarks made by visitors," said Dixon, "I believe that many of them secured valuable ideas as to planning and furnishing their future homes, or refurnishing their present homes. I am highly pleased with the demonstration."

MEXICAN DIES AT LA HABRA.

LA HABRA, Jan. 25.—A Mexican was found dead yesterday morning in the La Habra Mexican camp. It is thought that he died of heart trouble. His friends say that he was subject to sinking spells. He returned home late at night and was found dead early in the morning by his friends. The body was removed to McAllister's undertaking parlors where an inquest was held.

James—Noonday Lunches.

HEALTH TALK NO. 11 By J. G. Kelly, D. C.

When I advertise the fact that my patients recover their health, I am not indulging in boastful conversation.

In this series of health talks, which have attracted much favorable comment, I have simply tried to put over the big truth, as an incentive to induce YOU to investigate—for our mutual good.

My patients talk more forcefully for me than these messages, therefore, if I can persuade YOU to act upon their testimony, I will have accomplished the one big purpose behind these health talks.

The thinking person will agree that there can be no better proof of my claims, than the testimony of patients who have recovered health through Chiropractic, after all other methods have failed.

Investigation will not only convince you that Chiropractic is right, and just as applicable in YOUR case as it has been in hundreds of other cases like yours, but it will stabilize my claims, justify this advertising, and prove to you that Chiropractic is really the better way to health.

Dr. J. G. Kelly

STUDEBAKER 1923 SERIES SPECIAL-SIX TOURING \$1275

THE 1923 series Studebaker Special-Six Touring Car was the center of interest at the New York Show.

It was enthusiastically received as the popular medium priced car of the new year.

You'll know why it was a real sensation when you look it over in our salesrooms.

It is a 1923 car, introduced in 1923, with 1923 refinements and betterments.

The Special-Six Touring car combines distinction with unusual beauty; staminal with flexible performance and ease of handling; power with lightness and perfect balance.

Never before has a car of Special-Six quality, and with Special-Six refinements, been offered at so low a price.

Among many exceptional features

are the rain-proof, one-piece windshield with glare-proof visor and automatic windshield cleaner, and the American walnut all-wood steering wheel with new type spark and throttle control.

Materials and workmanship throughout are the finest obtainable—Studebaker builds quality cars at quantity prices.

Being the world's largest manufacturer of Sixes, with \$82,000,000 of actual net assets including \$41,000,000 in plants, and selling three chassis models with only one overhead—of course Studebaker can give more for the money.

Beauty, luxurious comfort, dependability, thrilling performance, long life with low repair bills and high resale value—the Special-Six has them all.

The name on the radiator insures satisfaction!

Rain-proof, one-piece windshield with automatic windshield cleaner and glare-proof visor. Quick-action cowl ventilator of cast aluminum. Rear-view mirror. Combination stop and tail light. Tonneau lamp with long extension cord. Cowl lights in windshield base. Running board step pads and aluminum kick plates. Walnut all-wood steering wheel with new type spark and throttle control. Eight-day clock. Tool compartment in left front door. Thief-proof transmission lock. Standard non-skid cord tires.

BIG OFFER TO RING BOYS GIVEN LAUGH

Cauliflower Ear Troop Fed Up on Million Dollar Offers to Champ

BY HENRY L. FARRELL (United Press Staff Correspondent)

NEW YORK, Jan. 25.—No wild consternation prevailed in "Tin Ear Alley" here today over the million dollar offer made to Jack Dempsey by Tom O'Rourke for three fights.

Habitues of the cauliflower patch are skeptical. Million dollar offers have been heard in the past. They will be heard in the future. Interest in the current offer centered in—"where did Tom ever get that much dough?"

O'Rourke's offer to Jack Kearns, manager of the champion, was not accompanied by cash. He said he would give him that sum for three bouts to be fought at the Polo Grounds between April and October. He named Harry Wills as one of the opponents and suggested that the other two be drawn from Jess Willard, Joe Beckett or Tom Gibbons.

Plumbers of the boxing set who have been on the pipes in previous steam-ups, saw in the move an effort to apply the heat to Tex Rickard and get him warmed up to a nice fat offer. Tex has more backing than O'Rourke and he has two fine arenas in which to stage the bout.

Rickard would not comment on the offer this morning. He admitted that he wanted to sign Dempsey and he intimated that he would get him when the time came.

Frank Flourney, Rickard's matchmaker, admitted today that the firm had secured the boxing privilege at Yankee Field.

As long as Rickard has the right to the new Yankee stadium, with a greater capacity than the Polo Grounds, and also his arena in Jersey City, which can be made ready on a week's notice, Rickard will get Dempsey on paper if he really wants him.

COULD RING CHAMP BREAK THIS CLAMP?

How Dempsey would look in the clinches of the headlock as clamped on by Lewis.

If Jack Dempsey should ever meet Strangler Lewis in a mixed match, could Dempsey break the deadly headlock which has won so many matches for Lewis?

When the question was put to Dempsey, he simply replied: "Why worry about that feature of the match—there isn't a chance in the world for Lewis to get the headlock on me."

"I figure a couple of stiff punches to the stomach and a right to the jaw will soon settle the bout. The stomach muscles of the wrestlers won't stand much mauling."

On the other hand, Lewis figures that one round will be about all that Dempsey will last.

"I don't believe Dempsey would last over a round. That is about as long as he would be able to keep his feet. Once I forced Dempsey to the floor, the match would soon be over."

What do you think about it?

EXPORTS INCREASE
WASHINGTON, Jan. 24.—The value of grain and meats sold by American producers to foreign countries in 1922 increased approximately 50 per cent over 1921, the department of commerce estimated today.

LORIN MURCHISON IS WINNER IN 3 RACES

NEWARK, N. J., Jan. 25.—Lorin Murchison, former national champion sprinter, equalled the world's record for sixty yards here last night by doing the distance in six and two-fifths seconds. He also won the 50 and 70 yard dashes. Jackson V. Scholz was second in the three events.

THYE WINS TITLE BY TOSSING PETE SAUER

PORTLAND, Ore., Jan. 25.—Ted Thye of the Multnomah Amateur Athletic club here, won the world's light heavyweight wrestling championship here last night with a decisive victory over Pete Sauer, the Nebraska whirlwind.

The match was a thriller and one of the roughest in years. The single fall secured by the Portland man came after one hour and ten minutes of the two-hour time limit had expired.

POLY HOOP TEAM MINGLES WITH QUAKERS TOMORROW IN LEAGUE TILT AT WHITTIER

GAMES TOMORROW
Orange at Anaheim.
Santa Ana at Whittier.
Division 2
Garden Grove at Huntington Beach.
San Juan Capistrano at Tustin.

If Mr. J. Plubius answers the prayers and supplications of the undergraduates of the high schools in the Orange league and moves his sprinkling car off to some other locality for the day, four basketball games will hold the center of the local athletic limelight tomorrow.

Despite the frequent showers of the week Orin Neff and his Santa Ana casaba hopefuls managed to get in almost a full week of drill in preparation for their brawl at Whittier with Coach Ed Reed's hoopers.

Neff led his cohorts against Earl Murray's Tustin five Tuesday night and the local aggregation suffered a reversal. It was merely a practice tussle and had no bearing on the league standing.

The Santa Ana squad is composed almost altogether of inexperienced men but they have displayed plenty of defensive ability in every engagement this year. If it had as good an offensive as its defense the scores of both the Fullerton and Orange high school engagements, in which Santa Ana was defeated, might have been different.

Every man on the first string team, with the exception of Howell, a guard, will be eligible for competition next season. With valuable experience gained this year local fans believe Poly will have an excellent chance to cop honors in 1924.

Neff is expected to start Linsenhard at center, Luck and Captain Bowe at forwards and Middlebrook and Golden at guards, tomorrow.

Whittier has a little the edge on the dope for the Santa Ana fracas. The Poets gave Fullerton a closer battle than did the locals.

While Poly is struggling with Reed's men, Orange and Anaheim will mingle at the Mother Colony with the odds favoring the Orange players.

In division two of the Orange league, the strong Huntington Beach quintet, favored by many to annex the title of the secondary section, will meet Garden Grove. The game will be played at the beach oil city.

San Juan Capistrano and Tustin, both contenders for the championship, clash at Tustin.

When the schedules for division one and two are completed the winners of the two leagues will meet in a series of games for the section title and the right to enter the semi-finals for the championship of Southern California.

NO 16—THE MOST SENSATIONAL PLAY I EVER SAW

In the 20 years I have been umpiring I have seen hundreds of remarkable plays.

Some of the plays have been performed by outfielders, although a majority of them go to the credit of the infielders. And then again I have seen the catchers—yes, even the pitchers, turn in some brilliant piece of fielding to feature a game.

The element of luck very often plays a prominent part in the completion of some brilliant play. Jimmy McAleer, in his day one of the game's greatest outfielders, once told me that the greatest catch he ever made was largely an accident. Here is the way Jimmy tells it.

"Just before the ball was pitched I noticed the glove of the outfielder playing my position on the other team was laying in such a position that it annoyed me and I started in to remove it from my path. As I jogged in the ball was delivered to the batter, who hit a liner to center field.

"Had I been playing my proper position, it would have been suicide to try to make the catch. I would have merely held the hit to a side. Having started in to remove the glove, I continued to come in after the ball. I made a shoe-string catch, did a couple of somersaults, came up with the ball and the game was saved.

"It was heralded as the greatest catch of my career, when in reality I pulled the play largely through accident."

To my way of thinking, the credit for the most sensational play I ever saw on the ball field goes to Bill Wambsgans, second baseman of the Cleveland Americans.

More difficult plays have been staged, but for a great many reasons Bill Wambsgans' triple play—unassisted, stands out as the most sensational stunt I ever saw pulled.

The setting helped to make

Wamby's play great. The stunt was pulled in the world series of 1920.

With Cleveland enjoying a comfortable lead, Brooklyn was battling gamely to cut it down. Jim Bagby was doing the pitching for Cleveland, being hit hard but was getting away with it.

The first two men up for Brooklyn got on—Miller was on first, Kilduff on second. Mitchell, the Brooklyn pitcher, hit a line drive toward right center. It looked like a real base hit. The runners were in motion at the crack of the bat.

Wambsgans leaped in the air, made a wonderful catch of the ball, ran a few feet to second, touching that base and retiring Kilduff, then touching Miller out on the line, for a triple play, snuffing out a Brooklyn rally.

I doubt if there will ever be a play that will equal Wamby's feat as far as its sensational features are concerned.

TOMORROW—Greatest first-year pitcher I ever saw.

INJURED FINGER OF RUTH IS O. K. AGAIN

NEW YORK, Jan. 25.—"Just a little scar left now," Babe Ruth, swat king, said today about his infected finger. He was in from his Massachusetts farm having the doctor look at it. "Feeling fine. Going to Hot Springs February 15. Watch me hit 'em next season," Ruth said.

BASKETBALL GROUND COMPLETED BY BOYS

WINTERSBURG & SMELTZER.
Jan. 25.—The new basketball court located on the church grounds, which has been the main object of interest of late to the two local classes of Y. M. C. A. boys, has just been completed by them. The baskets are up and the boys now contemplate installing electric lights on the courts so games will be possible for them on evenings when they gather together to hold their meetings.

TWO ATTACKED BY "FLU"
WINTERSBURG & SMELTZER.
Jan. 25.—Mrs. C. E. Barry, who has been very ill, was removed Friday to Huntington Beach to the home of her sister, Mrs. Clapp, who is caring for her. Nelson Barry is also quite ill. He is at home and relatives are caring for him. Both Mrs. Barry and Stanley have the influenza.

LUIS FIRPO WILLING TO BATTLE DEMPSEY

NEW YORK, Jan. 25.—Luis Firpo, South American heavyweight champion, is willing to fight Jack Dempsey if he wins from Bill Brennan, according to a cable to Tex Rickard received from him accepting terms for the Brennan bout.

JOIE RAY TO RETIRE AT CLOSE OF SEASON

CHICAGO, Jan. 25.—Jole Ray, crack distance man of the I. A. C., announced today that he will retire from track competition following the present indoor season. Jole plans to give all his attention to business.

16 PASSENGERS HURT AS TRAINS COLLIDE

NEW YORK, Jan. 25.—Sixteen persons were injured early today when a passenger train on the elevated line crashed into the rear end of a standing coal and work train.

The passenger train smashed a work car on the rear of the standing train to splinters.

The station agent, hearing the crash and screams of the injured, turned in fire, police and hospital alarms. After extraction from the wreckage, many of the passengers were found injured seriously enough to be taken to hospitals, while others were taken to their homes.

James noonday lunches.

TWO MORE DAYS

Men! If you want to share in the wonderful bargains that we are offering you in. Men's Suits, Overcoats, Extra Trousers, Hats, Caps, Underwear, Shirts, Etc. You should hurry. Baby Chicks
WHEN you buy chicks from us you know what you are getting because we have only from purebred flocks, that have been closely culled for both standard qualities and egg production; that are housed and fed for breeding purposes, and that are free from lice and mites, thus you are going to get real vitality and will raise a larger per cent of chicks that will produce the eggs. We also have extra fancy in each breed. Come in and talk it over and place your orders in now for any future date.

A PUZZLE A DAY

A carpet-maker had a square piece of carpet, as shown above. He had two customers; each wanted a square carpet, just half the size of the piece. The carpet-maker made two straight cuts, and re-placed the carpet so that he had two square carpets from the large one. How did he do it?

Yesterday's answer: The letters P N L L E E E S S S S, when properly arranged, form the word: "Sleeplessness."

EVENING SALUTATION

Many men owe the grandeur of their lives to their tremendous difficulties. —Spurgeon.

SHOULD HAVE FEDERAL BUILDING

While prospects for securing an appropriation for a federal building in Santa Ana are not as bright as all of us would wish, the movement that is well on foot in this city to make a fight for the building is timely.

That is, a federal building is not secured in a day. It is wise to begin a fight now hoping for victory two or three years hence.

In this effort, Santa Ana has the full sympathy of Congressman Phil D. Swing. Swing, however, has declared that conditions at Washington at this time are not very encouraging for immediate action. He stands ready to make the effort should opportunity offer itself.

One of the strongest arguments to be presented in the negotiations will be the figures showing the growth of the Santa Ana post office. These figures tell their own story. During the past six years the totals for postal receipts are as follows:

1917.....	\$ 45,785.46
1918.....	52,437.31
1919.....	54,945.82
1920.....	72,050.21
1921.....	83,821.84
1922.....	101,314.84

Figures showing the growth of Santa Ana through building operations are also to be sent to Washington by the Santa Ana Chamber of Commerce to be used in the fight for the federal building.

Santa Ana feels that it is entitled to recognition. Activities here and federal business here are such that postal business ought to be transacted in a government-owned building.

DEVELOP POWER BY WATER

To produce electric power it seems we are still burning our coal and oil when we should be developing our water powers.

Geological survey reports show that during November public utility power plants produced 1,368,802,000 kilowatt hours of electricity by water power and 3,029,793,000 kilowatt hours by fuels. To produce this amount of electricity the combustion of fuels in the following amounts was required: Coal, 8,329,948 tons; fuel oil, 1,243,549 barrels, and 2,407,672,000 cubic feet of natural gas.

This proportion is too great. Everywhere, there should be an effort to develop power from water, not only because it is cheaper but because we ought to have in mind the fact that economists say we are coming all too soon to the time when coal and oil supplies will be exhausted.

NATION OF SUGAR USERS

Did you consume 102 pounds of sugar last year? If not, you didn't get your share. Americans in 1922 used 5,303,755 tons of sugar. That was 102 pounds for every man, woman and child.

Making allowances for infants, who cannot be listed as sugar consumers, it is probable that the average grown-up used 150 to 200 pounds of sugar during the year.

All of which rather dumfounds Merrick P. Willett, writing in the American Sugar Refining company's market letter.

And it is almost unbelievable that our sugar consumption exceeds 100 pounds a year for each of us. The average American in 1922 consumed fourteen pounds more of sugar than the year before.

Compared with our average of 102 pounds a year each, most other countries are far behind us in use of the stimulant, sugar.

Australians consume 100 pounds of sugar a year, on the average. Denmark ranks third, with 99 pounds. Then comes Canada, 97 pounds. Next in line is Switzerland—75 pounds.

So the list tapers down, until at the tail-end among leading nations we have Chinese and Russians consuming only five pounds of sugar a year for each man, woman and child.

Dr. Royal S. Copeland, New York city health commissioner and United States senator-elect, believes that all persons serving food in restaurants should be licensed. He points out that before a man can become a plumber he must undergo examination and receive a certificate. Following out that idea, he says that all persons to be employed in the handling of food in restaurants should understand the necessity of cleanliness and hygiene.

A SPEECH KINDERGARTEN

The National Hospital for Speech Disorders, in New York, has recently opened a "speech kindergarten". Its object is to give children from three to six years old, with defective speech, a fair start in school.

A specially trained kindergarten is in charge of the work. Exercises for speech development and control are combined with the regular kindergarten songs and dances. From preparatory experimental work, the authorities in charge are convinced that the handicap of delayed or defective speech can be wholly overcome in many instances by this attention in the pre-school years. Last year two children who had been considered subnormal mentally were enabled to enter and maintain a normal grade for their years, through the elimination of the speech defects which had retarded them.

The stutterer is no longer an object of helpless pity or cruel mirth. It is understood that in a great majority of cases there is a possible cure, and little by little, educators and mental and medical specialists are working in schools and hospitals to effect these cures.

NO HELP FOR GERMANY

As a result of the German policy of obstruction in regard to French occupation of the Ruhr district, the allied reparations commission felt obliged to declare Germany further in default of her treaty obligations.

In addition to this gentle reminder that her debts are accumulating all the time, and will be held against her until she pays them, Germany has received no sympathetic answers from any nation on her protests against the French occupation.

Perhaps Germany is beginning to realize that while some of the allied nations and the United States do

not think France's method of collection wise or economically sound, they in no sense champion Germany's refusal to pay what she owes, or intend to interfere with France.

As this fact penetrates the Teutonic mind, Germany may change front on the subject of payment. Until recently she has believed that nothing in particular would happen if she did not meet her obligations. If she decides to do her very best to pay her bills, the situation may end tolerably for everybody.

The fundamental objection to the present procedure of the French is the perfectly valid objection that an allied nation should not act as Germany would have acted if she had won the war.

Reasons for Teaching

Riverside Press.

Here are some reasons given by a group of high school graduates, now in the normal school, explaining why they want to be school teachers:

- Because I like children.
- Because it will keep me up to date. I have to keep up with current events to prevent the pupils from getting ahead of me.
- Because it is a high type of service, and an opportunity for wielding a good influence.
- Because it's human. There's nothing mechanical about a bunch of youngsters.
- Because there is something new every minute. The children are all different, and the work varies from day to day.
- Good reasons, every one of them! And yet there are some people who seem to imagine that school teachers are not in touch with life.

Hughes Should Remain

Fresno Republican.

It would be something approaching a calamity to the American national government at this time for Secretary Hughes to resign.

He is the head of the foreign affairs administration at a time when the whole world is being constructed, and when the relations of the United States to the rest of the world are being thoroughly revised.

The fact that this revision is being done informally, by means of international intrigue rather than by the cautious but definite form of national and international enactment, make the service that Mr. Hughes is rendering all the more important. Already, in March, 1921, the most distinguished living American citizen, with the obvious exception of the President and the former President, Mr. Hughes entered an office which many thought was slightly beneath his dignity. Especially was this feeling natural when one remembered the way in which President Wilson had brought his secretary of state to heel, subordinating the office to the personal prerogative of the Presidency.

But Hughes at once proceeded with the hearty consent and approval of President Harding, to make the position of secretary of state the most personally important as well as the most nationally helpful in the new administration. The power of his intellect, his personal capacity to master situations by hard work and mental grasp, made him the foreign minister that we now think of as dominating the Washington conferences and submitting to the statesmen of the world the means by which they might bring nations together in peace and dignity without injuring their individual self respect. Mr. Hughes' contribution to national advantage has been only approached by his contribution to international safety during this time.

Keep the Masses Informed

Pasadena Star-News.

The newspaper press serves the people on prodigious scale in many ways. But consider, for a moment, just one service that newspapers render—that is, dissemination of news, swiftly and accurately gathered from all parts of the world. Evolution of news-gathering and lightning-like distribution is one of the marvels of this generation. For this generation has witnessed the development of world-wide news-gathering.

Compare the newspapers which are beside the breakfast and dinner table of President Harding today with the newspapers which President Lincoln read, morning and evening. Then there was no world-wide telegraphic news service. Today news is gathered from the remotest corners of the earth and is served to readers with the speed of lightning. When one reads the New York Herald, and the Tribune of Civil War days and compares their news service with the service given by American newspapers during the World War, one marvels at the phenomenal strides in journalistic enterprise and facilities.

The public, more than a great many persons realize, depend upon the newspaper press almost wholly for knowledge of current events and for intelligent comprehension of what is transpiring throughout the world, and what the conditions and prospects are everywhere—politically, economically, socially, and in every phase of human activity and interest. The responsible newspaper press faithfully mirrors the world day by day.

Music In the Schools

Stockton Record.

Thirty years ago in Stockton it was regarded as a very clever thing, and it was, for young women and young men to put on an opera like "The Mikado." Now our high school students do the same thing with aplomb and finish. It is not, one is bound to say, because the youngsters of this day are brighter or more talented than their progenitors. It is only that music is now, as it was not then, taught in a scientific way in our public schools. Beginning with the small primary folk and continuing up through the grammar grades and the high school music is given as much attention as it deserves. The courses are correlated with the foundation laid in the elementary work leading in regular progression to the more difficult and diversified musical studies of the high school. Every child in this way has a chance to develop any talent he may have and it is possible at short notice to get together a ringing chorus of school children, because all of them have been trained in ensemble work.

In the earlier times beyond a light smattering of vocal work that might be given by some class teacher with a taste and fondness for singing, musical training was dependent on private teachers and only an occasional child got it. The orchestras and bands that have their interesting place in the schools of today were an unknown quantity in the days when "The Mikado" was put on in Stockton thirty years ago by home talent. We are now more democratic than we were then, but with that democracy that tends ever upward and gives the child of a family of modest means an even chance with the more prosperous in those things that have cultural value.

Editorial Shorts

An Illinois woman has been arrested for horse-whipping her husband. Perhaps he acted foolishly. —Springfield Leader.

The North has the majority of votes in the Legislature. The South has the majority of votes at a general election. If the Northern majority in the Legislature will not listen to reason as to reappointment of Assembly and Senatorial districts, then it is up to the South to prepare a plan to carry the decision to the general election. If the majority of the South lets the thing get away from it, then it is only to blame.—Redlands Facts.

History Repeats Itself

Must Not Stop Building Highways

Stockton Record

The three prime factors in California's recent progressive spurt which, industrially speaking, has gained this state a place in the forefront rank of American commonwealths are good roads; irrigation and hydro-electric development. As between the trio of causes it is difficult to determine which, if any, should be given precedence over the other two, for all three are interlinked. If California is to become able to sustain in comfort and ease the large population which now appears to be on the way, there must be no cessation of highway building or irrigation and hydro-electric development until the needs of the rapidly growing state are amply served.

It would be folly, indeed, just for the sake of effecting a comparatively small immediate saving, to abandon the program of highway development upon which the state has embarked. The Record does not believe that California is going to make this mistake. The progressive element among her citizenry will not permit it.

It may be true that better roads can be built for the money than California has constructed in the past ten years. Methods are constantly changing in all lines of industry and it would be strange indeed if we should fail to profit by experience in road building as we have profited by experience in other industrial activities. If the new highway commission can determine upon better standards of construction it is their duty, of course, to find and adopt them. Being new in their positions they are very wisely proceeding cautiously and are seeking facts. Any cessation in highway building will be but temporary, however. After the new regime gets its bearings, the public will undoubtedly see to it that the onward procession is resumed.

The demand for more roads is becoming greater every year as the value of new roads already constructed becomes more firmly impressed upon the public mind. The Visalia Delta, commenting on the general situation, tells us that: "While California is hesitating over going ahead with the completion of its state highway construction because it involves additional financing, Illinois is advocating a \$100,000,000 bond issue to supplement the \$60,000,000 issue already had. Illinois underwrites its highway bonds with motor vehicle taxation which is made great enough to pay principal, interest and provide adequate maintenance. To date, California has voted \$73,000,000 in bonds payable out of general state taxation."

Here is hoping that California never quits paying for improved highways.

Worth While Verse

IN A FRIENDLY SORT O' WAY

When a man ain't got a cent, and he's feeling kind o' blue,
An' the clouds hang dark an' heavy, an' won't let the sunshine through,
It's a great thing, O, my brethren, for a feller just to lay
His hand upon your shoulder in a friendly sort o' way!

It makes a man feel curious, it makes the tear drops start,
An' you sort o' feel a flutter in the region of your heart:
You can't look up and meet his eyes; you don't know what to say

When his hand is on your shoulder in a friendly sort o' way.

Oh, the world's a curious compound, with its honey and its gall,
With its cares and bitter crosses, but a good world after all,
An' a good God must have made it—leastways, that is what I say.

When a hand is on your shoulder in a friendly sort o' way.

—Author Unknown.

Time to Smile

A GUILTY SECRET.

In the old days when certain things were more synonymous than they are now, a witness was called before a New York judge:

"What is your name?"
"Isidor Shapiro, yer honor."
"Where do you live?"
"In Mott street."
"What is your business?"
"Secondhand clocking."
"What is your religion?"
"Vai."
"What is your religion?"
"Chudge! I tell you my name is Isidor Shapiro; dot I lift in Mott street; dot I am in der clockink business!"
"Answer my question! What is your religion?"
"Vell, vell! I tell him I am named Isidor Shapiro; dot I lift in Mott street; dot I am in clockink secondhand; und he asks if my religion is yet! Chudge, don't dell nobody—I'm a Quaker!"

DON'T BOAST TOO MUCH.

Yes, indeed," said De Boast; "my hearing is extraordinarily acute."
"You don't say!" put in Von Broke. "Can you hear my watch ticking from where you stand?"
"Easily."
"Well, you are a wonder! It's at the pawnbroker's ten blocks away."—Everybody's Magazine.

Some Odds and Ends

FAME

Did you notice that Ribot is dead? You don't quite place the name? He was prime minister of France from March to September, 1917, during one of the most critical periods of the war.

Less than six years to make him dim in our memories. Even the World War is beginning to seem distantly remote. Nothing is indelible in the memory of man. One of our most blessed possessions is the power to forget, quite as indispensable and soothing as memory, the power to keep fresh in the mind. We would be terribly unhappy if we did not have this ability to forget.

MONEY

Bank checks passing through American clearing houses in a recent week totaled \$77 for each \$69 in the corresponding week a year ago.

It means that money is changing hands faster. Which, in turn, means that more commodities are being bought and sold.

CHINA

While Europe dies at the roots, the awakening of China continues. The ancient Chinese Great Wall will be paved on top for a motor highway, under plans now being put into effect.

At Canton the 28 miles of city wall have been turned into an elevated road over which autos and motor buses are moving in dense flocks.

People of the world expend a certain amount of energy, regularly, and when they slow down in one place they speed up in another.

"GAS"

American refineries in 1922 sold about 5800 million gallons of gasoline, compared with 3693 million gallons in 1918.

Back of this big jump is the increasing use of the auto. The gasoline engine "made" the oil business. Demand for gasoline will continue increasing. Only a few years until part of the autos will have to be run on alcohol.

FIRES

The national fire loss last year was nearly 411 million dollars. It was the
